Subject: ITU/BDT Arab Regional Workshop on "New Approaches to Frequency Spectrum Management", Rabat-Kingdom of Morocco, 29/6 – 1/7/2009

Dear Sir / Madam,

On behalf of the ITU Arab Regional Office and the Agence Nationale de Réglementation des Télécommunications (ANRT) – Kingdom of Morocco, we are pleased to invite you to participate in the Arab Regional Workshop on "New Approaches to Frequency Spectrum Management", to be held in cooperation with the Institut National des Postes et Télécommunications (INPT), in Rabat – Kingdom of Morocco, during the period 29 June to 1 July 2009.

Reference is made to the 2009 CoE Action Plan, which was approved during the 2<sup>nd</sup> Advisory Committee Meeting, Cairo (Smart Village) 1-2/3/2009 and the recommendations of participants in the previous ITU/BDT Arab Regional workshops in order to build up a relevant capacity process for the professionals in the region.

**Workshop Description:** The workshop covers all the issues related to regulation and economic aspects of the Frequency Spectrum Management. Hands-on activities throughout the duration of the workshop will reinforce the learning experience and allow the participants to develop target competencies and to link the theory to real life situations. The workshop also includes case studies to provide the participants the opportunity to articulate the various elements of knowledge acquired.

**Target Audience:** This course is intended for professionals and engineers in charge of management or spectrum monitoring from the administrations, regulatory authorities and Operators, in addition to the experts, trainers and others who are dealing with such issues or who will be prepared to handle these tasks in the future.

The workshop will focus on the following subjects:

- Introduction to the Frequency Spectrum Management.
- General Policy of the Frequency Spectrum Management.
- Economic and Technical aspects.
- National Management of the Spectrum.
- Spectrum monitoring.
- New technologies: case Study.
