**Subject: ITU/BDT Arab Regional Workshop on "4G Wireless Systems"
Tunis - Tunisia, 27-29 January 2010**

Dear Sir / Madam,

On behalf of the **ITU Arab Regional Office** and the **Centre d'Etudes et de Recherche des Télécommunications (CERT) - Tunisia**, we are pleased to invite you to participate in the Arab Regional Workshop on "**4G Wireless Systems**", to be held in Tunis – Tunisia, during the period 27-29 January 2010.

Reference is made to the 2009 CoE Action Plan, which was approved during the 2nd Advisory Committee Meeting, Cairo (Smart Village) 1-2/3/2009 and the recommendations of participants in the previous ITU/BDT Arab Regional workshops in order to build up a relevant capacity process for the professionals in the region.

Workshop Description: The workshop covers the issues related to 4th Generation of Wireless Systems and focus on LTE technologies. Hands-on presentations and activities throughout the duration of the workshop reinforce the learning experience and allow for the participant to develop target competencies and to link the theory to real life situations.

Target Audience: This workshop is intended for professionals from the administrations, regulatory authorities, Mobile operators and Internet service providers, in addition to software engineers, system engineers, network professionals, network planners, and others who plan on using, evaluating, managing wireless systems, or providing business services or working with multimedia networks, in addition to the experts, trainers and others who are dealing with such issues or who will be prepared to handle these tasks in the future.

The workshop will focus on the following subjects:

- Evolution path towards 4G Network.
- Potential and applications for broadband services.
- Migration towards LTE.
- LTE Network Architecture.
