

Educating Young People to be Network Professional

Yutaka Sakurai

Sr. Mgr, Learning & Development, Customer Solution Architect

Cisco Systems G.K.

Trend of The Young People, Today

Software ○ vs Hardware ×
Digital ○ vs Analogue ×
Virtual ○ vs Real ×
Focus ○ vs Broad ×

Building Networks, especially for Wireless Networking, has all of the above.

Provide them opportunities to learn “IT Adjacent” .

What to Learn in The Project

- Electronics Basics
- Propagation of Radio Wave
- How to cooperate with people
