

ITU-BDT Sub Regional Seminar on IMT-2000 for CEE and Baltic States

Ljubljana, Slovenia, 1 – 3 December 2003

Session 3.4: 3.4.2 Country Case Study/Mobile Network Planning

COUNTRY CASE, 3G NETWORK PLANNING - MOBITEL'S APPROACH

CV of the lecturer: Zoran Vehovar, Mobitel, Slovenia

Zoran Vehovar (born 1963) has over 8 years experience in mobile communications. Currently he is manager of Network Planning Department at Mobitel, the first and largest cellular operator in Slovenia. After joining Mobitel in 1995, he has been responsible for GSM network planning, including RF and cell design, measurements and optimisation. His responsibilities also included designing analog NMT network. For the last year and a half, he and his group have devoted a majority of time towards WCDMA network planning.

On obtaining Bachelor's degree in 1988, he started his career in designing integrated circuits for telecommunications industry, at Faculty for Electrotechnics, Laboratory for Microelectronics, Ljubljana. He obtained his Master's degree in 1991.
