BIOGRAPHY

Nelson Malaguti is currently the Counsellor for ITU Radiocommunication Study Group 4 (Satellite services) in the Study Group Department of the Radiocommunication Bureau (BR). Previous to taking up his current duties in June, 2006, he worked for more than 11 years as telecommunications engineer at EMBRATEL in Brazil, involved in all the activities related to the frequency coordination, notification and registration process for the Brazilian satellite networks. After that he worked for almost 10 years as telecommunications engineer in the Space Services Department of the BR, having participated actively at WRC-97, WRC-2000 and WRC-03 in respect of issues related to RR Appendices 30, 30A and 30B. He also participated actively as secretary at WRC-07 in respect of Agenda items 1.10, 1.12 and 7.1. Nelson Malaguti has a university degree on Electrical Engineering with emphasis in telecommunications and a Master's degree in Science on Telecommunications Engineering.
