Highlights of Question & Answer period:	<p>Q: Bat-Erdene.MOI: Could you give more detailed information about independency of MCMC?</p> <p>A: Ms.Tan Sri: Now starting a privatization process in Malaysia. With the support of foreign consulting service, MCMC provided the survey and developed a model and their developed MCMC's own model too. They made comparison and submit it to the minister. According to this survey, it was required to reduce rate of regulation.MCMC work out their strategy, take it into account.</p> <p>Q: Enlhmend.CRC: CRC staff's responsibility is similar to government officer'sresponsibility. But CRC's status is not clear among the government organizations. How is situation in Malaysia?</p> <p>A: Ms. Tan Sri: MCMC's status is government organization.But we have right to hire staffs and to pay them in accordance to the internal regulation. Our regulation and rules were setting up very satisfied to people who is going to work for MCMC. Security issues are investigating by MCMC and updating and modifying time by time. Main objective is preventing the data network.</p> <p>Q: Kim: Could you explain more about provincial offices?</p> <p>A: Ms. Tan Sri:</p>

	<p>For improvement of relation with consumers and monitoring MCMC has implemented some projects at the administrative and industrial centers.</p> <p>Q: Bat-Erdene.MOI: What about co-relation and co-operation MCMC and industrial forum?</p> <p>A: Sharil. MCMC: Within legal framework, this forum workout issues. Sector investors together with consumers have common challenge to make a decision. For Malaysia, self-regulation case is more acceptable. Co-relation and co-operation between MCMC and industrial forum is formal. MCMC finance the industrial forum once at the beginning. Consumer forum made some comments to MCMC.</p> <p>Q: Dugarmaa. Mobicom: Is it happened, service provider is against MCMC's decision?</p> <p>A: Ms. Tan Sri: It almost not happened, because of conciliation. We have an experience that service provider is against CRC's decision. In that case, MCMC submit very strong request to that service provider for enforcement.</p> <p>Q: Kim: Is it happened that service provider is against CRC's decision?</p> <p>A: Enkhmend.CRC. Unfortunately, yes. In case of Mongolia Telecom, we are facing problems, because of political</p> <p>Q: Narantungalag. Micom: What kind of regulation for ISP and VoIP exists in Malaysia?</p> <p>A: Ms. Tan Sri.MCMC : I mentioned about VoIP security in my presentation. MCMC is co-operating with police. In Malaysia we approved law "Security of e-signature". In 2000, MCMC issued regulation for ISP. But it was not implemented.</p> <p>Q: Ganbold. MOI : What is experience of USF/ USO in Malaysia?</p> <p>A: Ms. Tan Sri .MCMC : Service operators some amount / percent/ depending on market share pay to USF/ USO.In order to finance from this fund , we investigate and analyze geographic location very detailed. Our experience is that, its more efficiently to finance and invest from the USF the areas, where operator partially started the service. There are 8 areas in Malaysia and 6 of them financed by USF.</p> <p>Q: Tseveendari. MOID: Is there are any regulation on Postal sector? Is MCMC responsible for postal regulation?</p> <p>A: Ms. Tan Sri .MCMC : We talked about convergency before. It means, internet, voice and postal will regulated in together. In Malaysia , it became more difficult to regulate postal sector by the existing law. It needs some reform of postal sector in Malaysia.We are working on the project of postal sector reforming.After that it will be more clear and transparent regulation of postal sector.</p> <p>Narmandakh .MOI: Introduced about competition in Mongolia.</p> <p>Narantsetseg. Infocon Comp.Ltd: Explained about ISP and survey results.</p>
<p>Recommendations</p> <p>(if any):</p>
