

Information Note

Subject: Processing error in Special Section GE06/13 published on 18 March 2008

This information concerns the administrations of Albania, Algeria, Greece, Libya, Niger, Nigeria, Serbia and Ukraine.

The Special Section GE06/13 contains erroneous information that indicated that the administrations of Albania, Algeria, Greece, Libya, Niger, Nigeria and Serbia were identified as potentially affected with respect to ten (10) proposed modifications to the GE06 Plan submitted by the administration of Ukraine, due to a processing error.

The error was corrected and the process of identifying potentially affected administrations has been rerun. It is confirmed that the above administrations are NO LONGER identified as potentially affected by these proposed modifications.

The Special Section in pdf format published on ITU website http://www.itu.int/ITU-R/publications/brific-ter/files/ge06/2008/GE06_13.pdf and also available through the web-based application http://www.itu.int/ITU-R/GE06Web/Ge06D/GE06DPubGeneralInfo.aspx?ss_no=13 contains the correct information.

In case of further clarification and/or assistance needed, please contact brtpr@itu.int.
