

## **Cristine Hoepers**

Cristine Hoepers is a Senior Security Analyst at NIC BR Security Office (NBSO), the Brazilian Computer Emergency Response Team. NBSO is the Brazilian National Coordinating CSIRT, sponsored by the Brazilian Internet Steering Committee. Cristine has been a speaker at Brazilian Security Symposiums and also at International Forums like FIRST and AusCERT Conferences. She has also been involved with the OAS (Organization of American States) Working Group on the development of an Inter-American Cybersecurity Strategy, more specifically the creation of an Inter-American CSIRT Network. Cristine is a CERT-Certified Computer Security Incident Handler and an authorized instructor of Carnegie Mellon CERT/CC courses.
