

# ITU-T Workshop

## “Opportunities and Challenges in Home Networking”

CV

Geneva, 13 – 14 October 2005

---

**Satoshi Miyaji**  
**KDDI Corporation**

**Session:** 5: Quality of Service in Home Network

**Title of Presentation:** A new paradigm of quality improvement method for non-QoS guaranteed video

---

Mr. Satoshi Miyaji received B.S. and M.S. degrees, from Waseda University, Tokyo, Japan, all in electronics, in 1993 and 1995, respectively. Since 1995, he has been with the Research and Development Laboratories of KDDI, and has worked on the development of a very low bit-rate video coding and mobile video transmission systems. Currently, he is a research engineer in the Multimedia Communications Laboratory of KDDI R&D Laboratories and Rapporteur of Question 11 of ITU-T SG 9.
