

# ITU-T Workshop

## “Reform of technical Regulation: International Experience of standardization in the field of Communication”

CV

Almaty, 23-24 November 2005

---

FRYDERYK LEWICKI  
TELEKOMUNIKACJA POLSKA S.A.  
RESEARCH AND DEVELOPMENT CENTRE

**Session**                      Session 2, EMC Topic 1  
**Title of presentation**      Standardization in the field of radiation protection

Fryderyk Lewicki was born in 1956. He received M.Sc. and Ph.D. degrees from the Wroclaw University of Technology (Poland) in 1980 and 1985 respectively. He is also a graduate at several telecommunication programs provided on the United States Telecommunication Training Institute in Washington DC (1990-1992). Since 1985 he joined the Research and Development Division of Polish Telecom (Telekomunikacja Polska) where he is Division Manager on Propagation, Antennas and EMC. Since 2004 he is emeritus expert in France Telecom and he is Deputy Head of the Skill Center Electromagnetism & Environment. He represents Polish Telecom in ITU-T SG5 “ Protection against electromagnetic environment effects” (Rapporteur for Question 3/5) and in ITU-R SG3 “Radiowave propagation”. He is also a member of the IEEE (Antenna and Propagation, EMC, Broadcasting Societies). He is author or co-author of more than 50 papers on telecommunication conferences and journals.
