# ITU-T Workshop
# Video and Image Coding and Applications (VICA)

## BIO

Arthur Webster
Rapporteur ITU-T SG9

**Chair Session:**     5: Performance measurements and assessments

**Arthur Webster** participates in several technical standards groups devoted to standardization of video and multimedia quality assessment methods.  He serves as Co-chair of the ITU Video Quality Experts Group (VQEG), as Rapporteur of ITU-T Study Group 9's Question 14/9 "Objective and subjective methods for evaluating conversational audiovisual quality in multimedia services," and as Study Group 9's contact for the Joint Rapporteur Group for Multimedia Quality Assessment (JRG-MMQA) between SG 9 and SG 12. He also works on the development and standardization of priority, reliability, and security aspects of emergency telecommunications services over next generation networks.  He holds a BA in English and a MS in Electrical Engineering. For the last 15 years he has worked for the National Telecommunications and Information Administration's Institute for Telecommunications Sciences (NTIA/ITS) which is a part of the U.S. Department of Commerce.
