Company Profile

The Boeing Company is one of the world's largest aerospace businesses. Boeing offers a versatile range of satellite and launch services to meet customer needs today and tomorrow. Boeing Launch Services provides the flight-proven Sea Launch and Delta launch systems. The broad performance range of these vehicles offers flexible payload delivery. Boeing Satellite Systems has achieved an unparalleled record, having built more than 200 commercial satellites that have collectively provided more than 1,200 years of satellite service. Boeing's Global Positioning System and Orbital Express offer satellite customers exceptional solutions.
