URL: <http://www.barco.com>**Company Profile**

Barco (www.barco.com) is active in three key areas of imaging technology. Barco designs and develops solutions for large screen visualization, display solutions for life-critical applications, and systems for visual inspection. At ITU Telecom, Barco will bring you the latest innovations in control room solutions for Network Operations Centers, aimed at increasing operational efficiency. Barco will also demonstrate its network-centric visualization solutions for streaming media monitoring, e.g. for Access & Surveillance applications. Next to this, Barco will show its networked projection systems for decision-making and wireless presentations with advanced picture-in-picture and seamless source switching, offering the highest return on investment.
