Company Profile

Gensat is a satellite telecommunication systems operator and integrator whose mission is to supply customized solutions for multimedia transmission via satellite links. Gensat teleport based at La Ciotat (Marseilles, France) offers a dynamic network of worldwide links and equipment hosting services. The entire infrastructure is supervised in 24x7 by a NOC (Network Operating Center) located on the same site. Gensat provides a wide range of services:– optimization and mutualization of voice–data–image services; voice–over IP; backup secured links; high–speed Internet access by satellite (IP trunking, multicast, VPN).
