**Company Profile**

Comverse is the leading provider of software and systems that enable multimedia value-added services in wireless and wireline networks. Comverse has nearly two decades of experience helping service providers achieve their business goals through the deployment of enhanced telecommunication services. Over 400 wireline and wireless network operators in more than 100 countries around the world rely on expertly crafted Comverse service solutions to reinforce brand identity, strengthen customer loyalty, and increase the average revenue per user. Comverse is a unit of Comverse Technology, Inc., a publicly held company traded as CMVT on the NASDAQ stock exchange.
