**Company Profile**

ACE\*COMM is the global leader in advanced Convergent Mediation products for wired and wireless voice, data, and Internet communications providers. Our proven technology enables the capture, security, validation, correlation, augmentation, and warehousing of data from all network elements and distributes it in appropriate formats to all types of operations and business support systems (OSS/BSS). Our solutions are tailored to each customer's needs, providing the analytical tools to extract knowledge from their networks knowledge they use to reduce costs, accelerate time-to-market for new products and services, generate new sources of revenue, and push forward with next-generation initiatives. ACE\*COMM technology has been successfully deployed in over 4000 installations in more than 65 countries worldwide.
