**Company Profile**

Lanetco is a leading provider of high performance display walls; whether you need a simple small display wall or a very complicated huge display wall Lanetco has a solution to meet your need. Our DLP cubes gives you a high resolution OCTAL picture in picture processor enabling you to mix, re-size and over-lay any of 8 connected signal (video, GBHV, DVI, SDI) and display simultaneously all of 8 signals LIVE as PIP with the help of its RS-232 control software. Lanetco also manufactures DVI distributors, DVI converter and matrix routing switchers.
