Company Profile

The Auna Group, founded January 1998, was the second telecommunications operator in Spain to offer a broad range of services to the residential, professional and corporate markets. These include fixed and wireless telephony, cable television and broadband internet access. With more than nine million clients, the Group comprises three business lines:

*Amena, launched January 1999, is the third largest licensed wireless operator in Europe with over seven million customers.

*Auna offers integrated broadband services (cable TV, telephony, Internet) and services to national and international carriers.

*Auna Grandes Clientes was created to develop communications and information systems for the corporate market.
