**Company Profile**

Applicata supplies systems and software for telecommunications and banking sectors. The company offers a single source of services – including system development, customization, installation, customer support and maintenance for all of its products. Applicata has tremendous experience in developing and support for mission critical telecommunications systems and applications since 1991. Our solutions cover customer care systems, prepaid management systems, large-scale voice mail, call centers, IVR solutions, missed call notification systems, empty call capture, conferencing systems, SS7 signaling converters, SMS routers and applications, lawful interception systems. We have carried out large capacity projects in Switzerland, Poland, Slovenia, Macedonia, Italy, Turkey, Bulgaria.
