**Company Profile**

Tellabs International, part of Tellabs Inc. (NASDAQ: TLAB), provides end-to-end service delivery and transport solutions to help carriers around the world move communications efficiently and cost-effectively. Our solutions are deployed in more than 250 networks in more than 80 countries worldwide, and our customers include many of the world's leading service providers. Tellabs invests substantially in R&D to design and develop our own products, and we acquired California-based Vivace Networks in June 2003 to enable us to expand into the high-growth service provider edge router and switch market.
