**Company Profile**

Icare Services is a company providing consultancy and services in computer science and information technologies; the company is situated in Switzerland with headquarters in TECHNO-pôle in Sierre and an office in Geneva. Our activities cover five fields: E-learning: counselling and development of technical and pedagogical solutions for e-learning programs. Information systems: counselling and development of information systems based on inter-intra-extranet technologies. Communication and design: creation of entire communication concepts and graphic illustrations. Out-sourcing: out-sourcing of highly specialised technicians during important IT projects on our customers side. System consultancy: counselling for network installation, configuration and security.
