Company Profile

We have been a major supplier to the plastic card manufacturing market for 8 years. Nitecrest's name has become synonymous throughout the telecommunications industry as a dedicated and reliable supplier, offering quick lead times and unrivalled quality. We produce cards of any thickness and on many different materials and have a potential capacity of well over 1,800,000 cards per day. This includes inkjetting, scratch panel application and flowwrapping the cards in various different styles including a seamless wrap. We can boast an impressive portfolio that already consists of many of the largest and most prestigious airtime providers worldwide.
