### **1 Closing date for receipt of HF broadcasting schedules for the season A15**

In accordance with provision No. 12.31 of the Radio Regulations, I wish to inform you that the Radiocommunication Bureau has set 18 January 2015 as the closing date for the receipt of the HFBC schedules for the season A15.

In order to issue the first tentative schedule (A15T1) and dispatch it to subscribers two months ahead of the implementation date (No. 12.34 of the Radio Regulations), administrations and authorized organizations are urged to send in their tentative schedules **before the closing date and, if possible, before 21 December 2014.**

Requirements are to be submitted by administrations or authorized organizations, such as broadcasters. In the latter case, administrations that have not yet advised the Bureau, shall do so in writing, stating the names of the authorized organizations, their three-letter code for ease of identification and the scope of the authorizations (see No. 12.1 of the Radio Regulations); otherwise the requirements will not be accepted by the Bureau.

Requirements must be **in electronic format only**, and submitted via the WISFAT (<http://www.itu.int/ITU-R/go/wisfat>) web interface for submission of frequency assignments/allotments (terrestrial services) in accordance with Circular Letters [CR/297](#) and [CR/308](#).

A document describing the file format for submission of HFBC requirements in accordance with Article 12 of the Radio Regulations is available for download from the webpage: <http://www.itu.int/en/ITU-R/terrestrial/broadcast/HFBC/Pages/default.aspx> (in the Notification section).

The foreseen dates of dispatch to subscribers of the CD-ROMs containing the updated schedule are indicated in the Annex, together with the dates by which updated schedules need to be received by the Bureau in order to be incorporated.
