

OPINION ITU-R 56-1\*

**LOCATION OF INTERFACE BETWEEN  
CCIR STUDY GROUP 4 AND CCITT RESPONSIBILITIES  
FOR DIGITAL NETWORK RECOMMENDATIONS**

(1978-1986)

The CCIR,

CONSIDERING

- (a) that the fixed-satellite service HRDP forms part of an overall HRX;
- (b) that the CCITT has responsibilities for developing Recommendations for both the overall HRX and some of the constituent HRDPs;
- (c) that CCIR Study Group 4 has responsibility for developing Recommendations relating to the satellite HRDP,

IS UNANIMOUSLY OF THE OPINION

that the interface point between the responsibilities of CCIR Study Group 4 and the CCITT should be the digital distribution frame at which the satellite HRDP interfaces with the terrestrial network (see Recommendation 521).
