BR Software – Installation Guideline

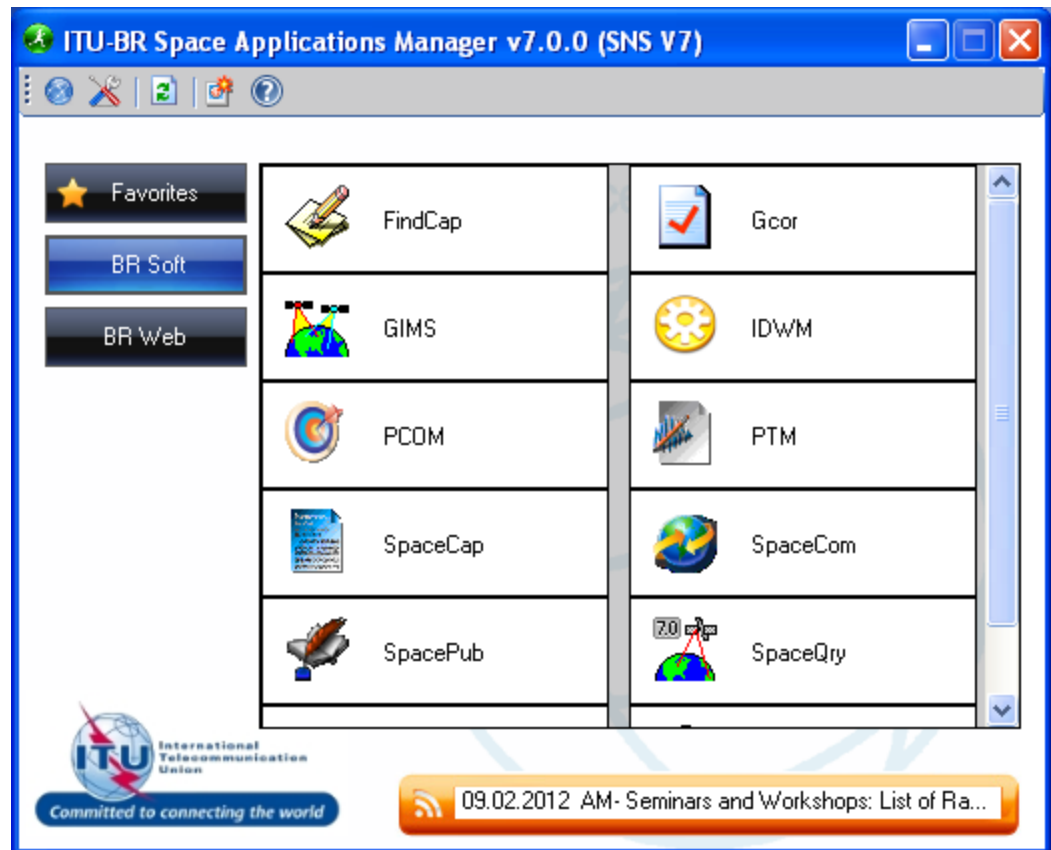

You must have **administrator** privileges for your pc when Installing BR Soft

Each pc has its own characteristics and specification; installation of BR Soft may raise unexpected issues

Space Application Manager (SAM)

The screenshot shows the ITU-BR Space Applications Manager v7.0.0 (SNS V7) window. The interface includes a sidebar with 'Favorites', 'BR Soft', and 'BR Web' buttons. The main area displays a grid of application tiles: FindCap, GIMS, PCOM, SpaceCap, SpacePub, Gcor, IDWM, PTM, SpaceCom, and SpaceQry. The ITU logo and 'Committed to connecting the world' are at the bottom left. A notification bar at the bottom right shows the date '09.02.2012' and the text 'AM- Seminars and Workshops: List of Ra...'. The window title bar contains standard OS controls and a help icon.
