that there is a need, *inter alia*, to allocate adequate additional appropriations to improved communication, IT facilities and documentation costs for the fifth World Telecommunication/ICT Policy Forum to be held in Geneva from 14 to 16 May 2013,

recognizing

the need of granting the Secretary-General additional flexibility in the management of the funds of the Union for the timeframe 2012-2013, in the absence of such flexibility in the 2012-2013 Budget and the difficulty in applying the 5% vacancy rate,

noting

the level of the Reserve Account at 31 December 2011 and that the total withdrawal for the 2010-2011 biennium was CHF 6.48 million less than the Council has authorized the Union to withdraw which was CHF 10.1 million,

resolves

to grant the Secretary-General, on an exceptional basis for the 2012-2013 biennium timeframe, the necessary flexibility to compensate overspend on categories 1 and 2 from savings on categories 3 to 9 and make the necessary transfers, if so needed, while respecting the decision taken by the Council concerning the overall amount to be withdrawn from the Reserve Account,

further resolves

to authorize to balance the 2012-2013 accounts, should the need arise, from surplus in revenue, and/or through a withdrawal from the Reserve Account with a maximum of CHF 2 000 000 for the Budget 2012-2013, provided that the Reserve Account is kept at the level prescribed in Decision 5 (Rev. Guadalajara, 2010).

2 that the Secretary-General may apply to other purchasers a system whereby publications are supplied without prior payment provided that the amounts owing do not remain unpaid for more than six months.

*** Definition of category for coordination (C) and notification (N)**

The category for coordination (C1, C2, C3) and for notification (N1, N2, N3) is related to the number of forms of coordination applicable to a particular satellite network coordination request or notification submission, as follows:

- C1 and N1 correspond to a satellite network filing referring to only one cost-recovery form of coordination (A, B, C, D, E or F). Both categories also include cases for which no form of coordination applies as a result of unfavourable finding under No. 11.31 of the Radio Regulations for all frequency assignments of the submitted filing, or cases including frequency assignments published for information only.
- C2 and N2 correspond to a satellite network filing referring to any two or three cost-recovery forms of coordination amongst A, B, C, D, E or F.
- C3 and N3 correspond to a satellite network filing referring to any four or more cost-recovery forms of coordination amongst A, B, C, D, E or F.

B	AP30 7.1, AP30A 7.1
C	No. 9.11, RS33 2.1, RS539
D	Nos 9.7B, 9.11A, 9.12, 9.12A, 9.13, 9.14

D 545 Non-payment of cost recovery fees relating to satellite network filings
(C07)

The Council

considering

a) the revision of the methodology and scale of charges for cost recovery of the processing of space notices established in Decision 482 modified by the Council at its 2002 session;

⁴ Cost recovery for category C1 only. See also *decides* 11.

- b) the need to provide some corrective measures regarding the deviations of the charging methodology for the processing of space notices as set out in Decision 482 (C02) for certain networks, leading to large invoices which may not be in line with the amount of work;
- c) that in Decision 513 the Council, at its 2003 session, agreed on the need to address the above issue on a temporary basis, pending a review of the charging methodology by the Council at its 2004 session;
- d) that the application of Decision 513 still resulted in some invoices having values significantly higher than CHF 100 000;
- e) that the Plenipotentiary Conference (Marrakesh, 2002), through its Resolution 88 (Rev. Marrakesh, 2002), has approved the principle of cancellation of a filing when the corresponding cost recovery payment has not been effected in due time and has set the date of 1 August 2003 to implement the corresponding provisions of the Radio Regulations;
- f) that in accordance with the Financial Regulations, all decisions concerning write-offs of debts of Member States shall remain the exclusive purview of the Plenipotentiary Conference;
- g) that the cancellation of the satellite network filing does not result in cancellation of the invoice issued by ITU;
- h) that Council 2005 established a revised mechanism for cost recovery of satellite network filings now included in Decision 482 (modified 2005) which has been so far satisfactory to the ITU membership,

taking account

that the Plenipotentiary Conference (Antalya, 2006) adopted Decision 10 on the implementation of additional correctives measures relating to cost recovery on satellite network filings; and

it authorized the Council to decide on the payment or non-payment of fees in respect of satellite network filings cancelled as a result of non-payment,

recognizing

that the Radiocommunication Bureau has carried out a considerable amount of work in order to process these networks and published them in a relevant BR IFIC before being cancelled as a result of non-payment,

recognizing further

that the Union is currently facing severe difficulty as a result of, on the one hand, maintaining zero growth in the contributory level and, on the other hand, reductions in the number of contributory units and increases in expenditures,

decides

1 that for satellite network filings cancelled as a result of non-payment pursuant to the relevant provisions of the Radio Regulations, the following fees shall apply:

- 50 per cent of the original fee on the pending invoices (Decision 10 (Antalya, 2006));

2 that the payment of revised invoices shall not reinstate the regulatory rights of any network which has been cancelled due to non-payment in accordance with the relevant provisions of the Radio Regulations;

3 that upon payment of the revised invoices, the cost recovery fees for the invoiced satellite network filings shall be considered satisfied;

4 to withdraw the necessary amount from the Reserve Account, that shall under no circumstances exceed the amount of CHF 2 760 000,

further decides

1 that the *decides* 1 and 2 above shall also apply to the satellite networks filings for which the payments have been received after the cancellation of the filings in accordance with the relevant provisions of the Radio Regulations;

2 that the above *decides* 1 to 2 shall only apply to cancelled satellite network filings received before 1 January 2006,

instructs the Secretary-General

to conclude repayment schedules with any Member States that so request following the revision of invoices relating to the implementation of cost recovery for satellite network filings concerned by this Decision in the light of Resolution 41 (Rev. Antalya, 2006).

considering pertinent provisions in the Staff Regulations and Rules,

R 1004 Privileges, immunities and facilities related to activities of the Union

(C-1990)

The Council,

being aware of the fact that many activities of the Union, such as conferences and meetings (including regional telecommunication exhibitions and forums), seminars, regional representations and missions as well as services related to the implementation of technical assistance and cooperation projects are carried out not only at the seat of the Union, but also to a large extent in the territory of various Member States of the Union,

mindful of Article 17 of the International Telecommunication Convention, Nairobi 1982, which provides that “the Union shall enjoy in the territory of each of its Members such legal capacity as may be necessary for the exercise of its functions and the fulfilment of its purposes”,

considering that it is essential that the Union's activities referred to above be carried out under the available privileges, immunities and facilities,

recalling that the "Convention on the Privileges and Immunities of the Specialized Agencies", approved by the General Assembly of the United Nations on 21 November 1947 and accepted by the Union, precisely provides for such privileges, immunities and facilities needed by the Union, as one of the specialized agencies of the United Nations, for carrying out its activities,

recalling also its Resolution 193 on the latter Convention as well as its Decision 304 on the "Participation of the Delegations of Members of the Union in Conferences and Meetings of the Union",

noting, however, that quite a considerable number of the Members of the Union, i.e. almost half of them, have either not acceded at all to the latter Convention or have acceded thereto, but not with regard to the Union,

convinced that it is, in the interest of the Union, indispensable that the activities of the Union such as the ones referred to above be carried out in the territory of Member States of the Union having either become Parties to the latter Convention in respect of the Union or formally declared that they will apply the provisions of the said Convention to those activities of the Union, or otherwise having accorded sufficient privileges and immunities,

resolves

1 to urge hereby all the Members of the Union not having done so yet to accede to the Convention on the Privileges and Immunities of the Specialized Agencies of 21 November 1947 in respect of the International Telecommunication Union (see Section 41 of the said Convention) and to urge all those Members, which have acceded thereto, but not in respect of the Union, to do so by communicating a "subsequent written notification to the Secretary-General of the United Nations", in which they "undertake to apply the provisions of this Convention to" the International Telecommunication Union (see Section 43 of the said Convention);

2 to call upon hereby any Member of the Union, which has not yet acceded to the said Convention, or communicated the subsequent written notification referred to in paragraph 1 above, in respect of the Union, to ensure that the competent governmental authority formally declares that the provisions of the Convention on the Privileges and Immunities of the Specialized Agency shall apply to those activities of the Union, which are to be carried out in its territory, or otherwise accord equivalent privileges and immunities;

3 to reconfirm hereby its Resolution 193 and its Decision 304 referred to above, the provision of which shall continue to be applied,

instructs the Secretary-General

1 to bring the present Resolution immediately to the attention of all the Members of the Union;

2 to do everything in his power to ensure the appropriate implementation of the provisions of the present Resolution and to keep the Council informed, as appropriate, of any practical difficulties encountered by him in this respect, including of any measures he had to take in respect of any non-compliance with those provisions, in particular with regard to those activities of the Union, for which he cannot await any decision by the Council at its annual session prior to their being carried out or not.

R 1142 Occupational illness

The Council,

having regard to Resolution 97 (Minneapolis, 1998) on occupational illness, adopted by the Plenipotentiary Conference,

resolves to instruct the Secretary-General

- a) to ensure that the safety, health and environmental standards in force in the host country of the Union are applied at ITU and to report on the matter to the Council at its 2000 session;

R 1149 Introduction of a long-term care insurance scheme in the Union
(C-1999)

The Council,

taking into account Resolution 96 (Minneapolis, 1998) instructing the Secretary-General to prepare appropriate data regarding the possible introduction of a long-term care insurance scheme,

having regard to the fact that such a scheme has been studied by the Consultative Committee on Administrative Questions (CCAQ) and has met with wide interest among secretariats of other organizations of the common system which had already expressed their commitment to its adoption,

having regard further to the dual-component nature of the proposed scheme, with a low-premium programme applicable to all active staff and a voluntary programme allowing individual staff members to purchase further cover beyond their period of service with the Union, the burden thus being shared between employer and employee,

considering that it is in the Union's interest to retain its staff and, as an equal-opportunity employer, to attract the best qualified candidates in a highly competitive environment,

considering further that the comparator country for the United Nations common system is considering long-term care for federal employees and their relatives,

resolves to continue the preparatory work on the possible introduction of a long-term care scheme for ITU staff, with options for coverage beyond the period of service with the Union,

instructs the Secretary-General

- 1 to seek opinion of competent bodies of the United Nations Common System (including the International Civil Service Commission (ICSC), the Administrative Committee on Coordination, (ACC) and the Consultative Committee on Administrative Questions (CCAQ)) on:
 - a) whether independent establishment of a long-term care insurance plan would be appropriate for ITU, or whether implementation should be coordinated throughout the United Nations common system;
 - b) what steps, if any, these bodies have taken towards researching and developing a long-term care insurance plan for the common system;
- 2 to consult with other organizations of the United Nations common system on development of a scheme that would offer greatest benefit at minimum costs;
- 3 to report to the next session of the Council, on the result of the above actions, and on possible options for implementation of an appropriate scheme, with detailed estimates of any costs or financial risks arising from the participation of the Union.

2.3 Pensions

R 440 Investments of funds of the ITU staff superannuation and benevolent funds (C-1960)

The Council,

considering

- a) that apart from being morally responsible for the funds which in 1960 still remain entrusted to the Management Board (after transfer to the United Nations Joint Staff Pension Fund), the ITU has given its financial guarantee to the staff as regards the retirement and other pensions to be paid from the funds kept in the Staff Superannuation and Benevolent Funds (Articles 1, 2 and 84 of the Regulations for the Staff Superannuation and Benevolent Funds, 7th edition);
- b) that the debts of the Staff Superannuation and Benevolent Funds are expressed in Swiss francs;

recommends that the Management Board keep the funds of the Staff Superannuation and Benevolent Funds from which retirement and other pensions are liable to be paid, in current account with the Swiss Confederation or in the form of debentures backed by the Swiss Confederation, and abstain from any investments which do not offer the same degree of security.

in view of the proposal of the Management Board of the ITU Staff Superannuation and Benevolent Funds submitted by the Secretary-General (Document 2634/CA16),

considering that the present actuarial bases used for the calculations of the Funds are out of date, and that the actuary, consulted by the Management Board, approved the adoption of the proposed revised bases,

resolves that, as from 1 July 1961, the actuarial bases EVK/1960, Collection A, of the Federal Insurance Fund of the Swiss Confederation shall be used for the calculations of the Funds.

R 1211 **Statutory rate of interest of the ITU Staff Superannuation and Benevolent funds**
(C03/ADD)

The Council,

in view of

the proposal by the Management Board of the ITU Staff Superannuation and Benevolent (SS&B) Funds, submitted by the Secretary-General (Document C03-ADD/6),

considering

that the yield on the investments of the Funds now easily covers expenditure and that the Management Board recommends that the statutory rate be eliminated,

The Council,

having considered the arrangement concluded between the Secretary-General of the Union and the Secretary-General of the United Nations concerning the procedure to be followed for the issue of the United Nations laissez-passers to officials of the ITU, which arrangement it approved at its 3rd Session,

considering that it would be convenient to treat the arrangement as permanent subject to denunciation at six months notice by either party,

resolves

- 1 to approve the new text of the Arrangement which is reproduced below;
- 2 that the Secretary-General may request a laissez-passers for any official (permanent, temporary or supernumerary) of the General Secretariat, of the IFRB, or of the CCIs, absent on official duty or on leave.

 - 2 Request for issuance of laissez-passers shall be made by the Secretary-General of the International Telecommunication Union or by such person as he shall designate. Such requests, which will state that the official is about to travel on official duty or home leave, must be accompanied by:

However, in cases of urgency, such requests may be addressed to the Office of the United Nations in Geneva which may, in such cases, issue the laissez-passers.
 - 4 The Secretary-General of the International Telecommunication Union shall forward to the Section of Passports and Visas (Transportation Service of the United Nations), specimens of the signatures of such officials as shall have received authority to certify as correct the information given on the application form under Section 3.

5 The issuance of United Nations laissez-passer to officials of the International Telecommunication Union shall also be subject to such other conditions as may apply to the issuance of the laissez-passer to officials of the United Nations.

The Secretary-General of the United Nations shall immediately notify these conditions to the Secretary-General of the International Telecommunication Union.

6 The laissez-passer issued to officials of the International Telecommunication Union shall make mention of the official's rank. They shall contain a statement in the five languages to the effect that the laissez-passer is issued to a member of a specialized agency, in accordance with Section 28 of the Convention on Privileges and Immunities of the United Nations and with the relevant section of the Agreement bringing the organization into relation with the United Nations.

7 Upon the request of the Secretary-General of the International Telecommunication Union or that of such person as he shall designate, the Secretariat of the United Nations shall, if this arrangement is still in force, renew such laissez-passer issued to officials of the International Telecommunication Union as shall have expired.

II. This arrangement shall be deemed to have come into force on 1 August 1949, and it will remain in force until denounced in writing by either party. Such denunciation shall take effect at the expiration of a period of six months from the day of receipt of its notification by the other party, that is to say by the Secretary-General of the United Nations or the Secretary-General of the International Telecommunication Union, as the case may be.

3 CONFERENCES AND MEETINGS

3.1 General

R 83 Organization, financing and liquidation of the accounts of conferences and meetings

(C-1948, last amended C-1990)

The Council,

considering

- a) that all conferences and meetings of the Union should be uniformly organized, as regards both the material provisions and the accounting and liquidation of accounts;
- b) that the conferences and meetings referred to the Numbers 107 to 109 of the Nairobi Convention, 1982, should not exceed the expenditure authorized by the Council;
- c) that every effort should be made to reduce the expenditure of conferences and meetings and in the case of conferences the expenses of which are not included in the annual budget to accelerate the recovery of participants' contributory shares;
- d) that it is advisable to include, in the agreements to be concluded with inviting governments for the preparation of conferences or meetings, provisions covering cancellation, postponement or change of venue, so that such eventualities should not cause unnecessary prejudice to the Union,

resolves that the following provisions shall be applied for all conferences and meetings organized under the aegis of the Union:

A Organization of conferences and meetings when there is an inviting government

- 1 At such time as he deems appropriate, the Secretary-General shall negotiate an agreement with the inviting government on the arrangements to be made by both the General Secretariat of the Union and that government, in order to supply the conference or meeting with the necessary material means for the satisfactory progress of the work;
- 2 this agreement, which shall specify the respective functions of both parties, shall be based, as regards its principles, on the arrangements described in Document 166/CA3. It may deviate from them to take into account the views of each inviting government and, in particular, the services which that government is in a position to offer free of charge;
- 3 in order, however, that the General Secretariat shall not be implicated in matters for which it does not have to assume responsibility, the agreement to be concluded should not deal with any question concerning the application of the Convention, which falls exclusively within the competence of the conference or meeting, or of the inviting government;
- 4 in particular, the agreement shall include no stipulation concerning the right of administrations in the matter of participation in the conferences, or concerning the Rules of Procedure of the conferences.

B Financing of conferences and meetings when there is an inviting government

The agreement to be reached with the inviting government should in so far as possible, be based on the following data:

5 where it does not cover the expenses itself, the inviting government shall advance the necessary funds for the renting and preparation of premises, the reproduction and distribution of documents, the payment of salaries of the Secretariat personnel recruited locally, the purchase of supplies, the purchase or renting of office equipment and any other equipment, deemed necessary for the work of the conference or meeting;

6 these expenses shall be refunded as soon as possible to the inviting government by the General Secretariat of the Union;

7 the inviting government shall bear the expenses pertaining to a Reception Committee and, if the occasion arises, the entertainments and other diversions organized for the delegates;

8 for all other expenses, the Secretary-General shall also endeavour to obtain the advance of the necessary funds from the inviting government; these funds shall be refunded as soon as possible by the General Secretariat;

9 no conference or meeting may be held under Nos. 107 to 109 of the Nairobi Convention, 1982, unless the Council has provided the appropriate credits for the year or years in question. As far as possible, when the Council authorizes such credits, it shall be in possession of the agreement entered into with the inviting government but, in exceptional circumstances, it may authorize these credits subject to the later conclusion of this agreement by the Secretary-General. The provisions of the agreement and the amount of the credits available must always be brought to the notice of the Budget Control Committee referred to in Nos. 475 to 479 of the Convention, at the first meeting of this Committee;

10 for conferences and meetings organized under No. 115 of the Nairobi Convention, 1982, the agreement and draft budget shall be submitted to the Council if the Council holds a session before the conference or meeting begins. If it holds no session, approval must be given by the budget control committee at its first meeting, at the same time as the agreement and draft budget are referred to it;

11 the agreement with the inviting government must contain provisions covering cases where conferences or meetings are cancelled or postponed, or their meeting place is changed, as a result of a decision by the Union, adopted by its competent organs:

11.1 in general, it shall be clearly established that in such an eventuality the Union shall be responsible to the inviting government only for its commitments or actual expenditure in preparation for the conference – provided the government has not agreed to bear such expenses itself – and only in so far as they are indispensable and cannot be cancelled or reduced;

11.2 if the cost of preparing premises to house the conference is to be borne by the Union, the agreement shall stipulate the details of the work to be done and its cost, and the maximum economy shall be sought compatible with satisfactory organization of the conference;

11.3 except in very special cases, the reservation of accommodation for delegates, staff, etc., must not entail any financial commitment for the Union;

(3.1 – Conferences and meetings/General)

12 if the inviting government, instead of convening the conference or meeting, announces that it cannot receive the conference at the agreed place or time, the Union shall not be responsible for the expenses incurred by the inviting government in preparation for the conference or meeting;

13 on request by the inviting government, and if exchange conditions are suitable, contributions owed to the Union by that government may be accepted in local currency in such a proportion as will enable the conference expenses to be settled in that currency to be met.

C Settlement of the accounts of conferences the expenses of which are not included in the annual budget

14 So as to reduce, as far as possible, the total interest of any sums advanced by the Government of the Swiss Confederation, it is important that the contributory shares of participants in these conferences should be recovered without delay. To this end:

14.1 when a conference covers a period running into the next financial year, the Secretary-General shall forward to the administrations or organizations concerned an account of their share of the expenses incurred during the current financial year;

14.2 if, at the close of a conference, it appears that the final accounts cannot be drawn up within one month, the Secretary-General shall immediately forward to the participants a provisional account of their share of the expenses on the basis of the statement of expenditure approved by the closing plenary meeting; an additional account shall be subsequently forwarded if, when the accounts are finally closed, a balance remains to be recovered.

D Limit of the prerogatives of conferences in financial matters

15 A conference has no power to arrange for future sessions of the same conference after the termination of the original session, or for further conferences, except by the procedure prescribed in article 54 of the Nairobi Convention, 1982;

16 no conference other than a plenipotentiary conference has the power to authorize the Secretary-General to ask the inviting government to advance funds or to request the advance of funds from the Government of the Swiss Confederation. The Secretary-General can only act in this matter in accordance with the prescription of the Convention and the directives of a plenipotentiary conference, or of the Council;

17 administrative conferences and plenary assemblies of Consultative Committees must observe the provisions of Nos. 627 and 628 of the Nairobi Convention, 1982.

E Publication of the final texts of conferences or meetings

18 In principle, the final texts approved by conferences or meetings, whatever their method of reproduction, shall be published by the General Secretariat in their usual place of publication and with the minimum of cost;

19 however, this rule may be disregarded in recognized cases of urgency and at the special request of the conference or meeting;

20 apart from the final texts distributed to the persons concerned as a conference document, no copy shall be supplied free of charge to participants in the conference or meeting.

F CCI Plenary Assemblies and Study Groups

21 The provisions of this Resolution shall apply to CCI Plenary Assembly and Study Group meetings, for which the Secretary-General, in agreement with the Director of the CCI concerned, has to make the necessary administrative and financial arrangements.

3 to avoid the reprinting of existing documents on paper which are accessible electronically and the constant re-issuing of amended texts unless absolutely justified, and, in respect of treaty-making conferences, to study the possibility, including the practical and legal implications, of dispensing with physical reprinting of texts (white, blue and pink) for each reading;

4 to study the correlation between meeting duration and volume of documentation with a view to developing indicative standards;

5 to investigate the possibility of extending the availability of suitable power outlets and local networking facilities to delegate positions in conference rooms,

R 1292 World and regional telecommunication/information and communication technology exhibitions and forums

(C08)

The Council,

recalling

Resolution 11 of the Plenipotentiary Conference (Rev. Antalya, 2006) on world and regional telecommunication/information and communication technology exhibitions and forums (ITU TELECOM),

considering

a) that ITU TELECOM WORLD was launched in 1971 in Geneva and ten events have been held by 2006;

- b) that regional ITU TELECOM events were introduced in 1985 to showcase each region's achievements and challenges;
- c) that ITU TELECOM events sometimes have been a great success and sometimes suffered a set-back due in part to economic downturn;
- d) that ITU TELECOM events are facing a great challenge for the need to adjust to current market realities, which have been shaped by privatization, convergence, consolidation of the ICT industry and the entry of new players that are not traditional ITU members;
- e) that ITU TELECOM events are also facing challenges such as the increasing costs of exhibits and the trend towards reducing their size, and the need to give value to industry;
- f) that the market for exhibitions and forums has become extremely competitive and specialized;
- g) that regional ITU TELECOM events are facing the greatest competition because there are too many commercial regional events,

noting

- a) that a lead time of at least two years from conclusion of the host country agreement would provide a conducive environment for success of each event;
- b) that exhibitors are seeking predictability in the calendar of ITU TELECOM events and a good return on investment;
- c) that the increasing speed of introduction of new technology and services requires that the current four-year cycle be reconsidered and shortened;
- d) that such a shortened timetable would provide the predictability of the time and place of ITU TELECOM WORLD events, which is necessary for exhibitors to include them regularly in their marketing plan and budget;
- e) that while the level of interest in ITU TELECOM WORLD events continues to make them viable, there was nearly no backing for regional ITU TELECOM events among exhibitors;
- f) that the ITU TELECOM brand remains a most respected and authoritative event where participants expect high-level dialogues to take place between Member States and the private sector;
- g) that in the year 2011, forty (40) years after its inception, ITU TELECOM has a unique opportunity to adapt fully to those new market conditions,

further noting

that following ITU TELECOM events, there were suggestions for more competitive raw space costs, preferential or discounted hotel prices and adequate number of hotel rooms, compared to similar exhibitions,

resolves

to add the celebration of the 40th Anniversary of ITU TELECOM to the list of TELECOM events in the Schedule of Future Conferences, Assemblies and Meetings of the Union: 2009-2012,

instructs the Secretary-General

to ensure the following measures are taken for the success of future ITU TELECOM events:

- to prepare a model host country agreement facilitating the conclusion of the host country agreement at least two years before the event;
- to announce and advertise the event only after conclusion of the host country agreement;
- to give due consideration to the emerging trend towards forums;
- to seek participation from a wider spectrum of industries/businesses, in order to more adequately adapt to changing market environments including the shift to IP network, advanced mobile communications, convergence and the entry of new players, including major end-user companies of the global network, which would attract major global carriers;
- to aim at a clear difference from similar exhibitions/forums by attracting as many major global carriers and manufacturers as possible and by actively encouraging Ministerial/CEO-level participation, which would make it feasible to hold meaningful bilateral and multilateral meetings during the event;
- to prepare the Forum programme well in advance in coordination with industry and to be fine-tuned by the session moderators, fostering more substantive discussions in the Forum;
- to prepare Forum outcomes for dissemination to the public;
- to take measures to facilitate greater involvement by VIPs,

requests the Secretary-General

to study, consult, as appropriate, and inform Member States of the results of the study; and to make proposals to Council-09 on the future of world and regional ITU TELECOM events, taking into account the following options:

- merger of ITU TELECOM WORLD events and regional ITU TELECOM events;
- rotation of the venue for the ITU TELECOM events among the regions, Geneva, the seat of the Union being one of the venues;
- shortening of the periodicity of ITU TELECOM WORLD events from every four (4) years to every two (2) years;
- planning of ITU TELECOM events in conjunction with major ITU meetings;
- strategic alliance/partnership with prominent regional and national event organizers on a non-permanent basis;
- management and staffing of ITU TELECOM in order to enhance its operational efficiencies;
- need to rationalize ITU TELECOM financial management and control the costs to be invoiced to ITU TELECOM;
- outsourcing of ITU TELECOM activities, within its mandate, to enhance its revenue-generating capacity;
- review of the cost for participation in the Forum, in order to attract the targeted audience.

4 GENERAL SECRETARIAT

R 1110 **Role of the ITU in the GMPCS-MoU** (C-1997)

The Council,

having considered the report of the Secretary-General on the Memorandum of Understanding concerning Global Mobile Personal Communications by Satellite presented in Document C97/68 and the proposal from the United States of America presented in Document C97/97,

having further considered the decisions taken at the 1997 session with respect to cost recovery for ITU products and services,

noting that the ITU Member States and Sector Members provided voluntary financial contributions to support the first World Telecommunication Policy Forum in October 1996,

further noting that the funds remaining from these voluntary contributions are now supporting the work of the GMPCS-MoU Group, and that voluntary contributions are being sought to support the implementation of WTPF Opinion No. 5,

resolves

- 1 that the ITU Secretariat shall continue to provide support to the GMPCS-MoU activities on the basis of full cost recovery recognizing that this is an acceptable role for the ITU Secretariat;
- 2 that the ITU Secretariat shall provide an accounting of the use to date of voluntary financial contributions to the first WTPF;
- 3 that the funds remaining from these voluntary contributions shall be used to support follow-up activities to the first policy forum-related activities for the next year;
- 4 that if additional funds are needed to support these activities, the Signatories to the GMPCS-MoU, as well as other interested parties, shall be requested by the ITU Secretariat to provide additional financial support to continue their work and to support the role of the ITU Secretariat in these activities.

Ref.: Documents C97/130 and C97/138.

R 1116 **Implementation of the GMPCS-MoU arrangements** (C-1998)

The Council,

considering the conclusions of the first World Telecommunication Policy Forum on Global Mobile Personal Communications by Satellite (GMPCS), held in October 1996, and the related Memorandum of Understanding and Arrangements developed since then,

noting that the above Arrangements have been developed by a provisional group of Signatories of the Memorandum of Understanding and that that group remains acting as the “GMPCS-MoU Group”,

recalling Resolution 1110 adopted by the Council at its 1997 session, which resolved, *inter alia*, that the ITU secretariat should continue to provide support to the GMPCS-MoU activities on the basis of full cost recovery, recognizing that this was an acceptable role of the ITU secretariat,

considering further

a) that the role of ITU as depositary of the GMPCS-MoU and its Arrangements is identified as part of the goals, and is consistent with the vision for ITU, contained in the draft Strategic Plan 1999-2003;

b) that this role, while it will benefit the GMPCS industry and users worldwide, will also contribute to the relevance of the Union to the future of global telecommunications,

taking account of Recommendation 8 adopted by the World Telecommunication Development Conference (Valletta, 1998) entitled *Timely Implementation of GMPCS*, which notes the need for global implementation of the Arrangements so that the benefits of GMPCS services can be extended to all countries in a timely fashion,

resolves

1 to instruct the Secretary-General:

1.1 to act as depositary of the GMPCS-MoU and its Arrangements and to make available the information supplied by the Signatories implementing the Arrangements;

1.2 to act as the registry for type-approval procedures that administrations and/or competent authorities have notified to ITU as having been used to approve terminals;

1.3 to act as the registry of terminal types once administrations and/or competent authorities have notified to ITU that terminals have been granted type approval;

1.4 to authorize the use¹ of the abbreviation “ITU” as part of the GMPCS-MoU mark on the understanding that ITU shall be protected against liability from such use;

2 that action under *resolves* 1.1 to 1.4 above shall be carried out in accordance with the Arrangements on the basis of full cost recovery, the details relating to the use of contributions by the Signatories being defined in consultation between them and the Secretary-General.

Ref.: Documents C98/100 and C98/120.

¹ The conditions of this use will be reviewed in the light of the results of Resolution 1117.

R 1357 **Four-year rolling operational plan for the General Secretariat for 2014-2017**
(C13)

The Council,

recognizing

the provisions of Article 5 of the ITU Convention,

having considered

the draft four-year rolling Operational Plan for the General Secretariat for 2014 to 2017,

having also considered

the need for the Secretary-General to have some flexibility in the implementation of the four-year rolling Operational Plan so as to take into consideration any changes that may occur during the interval between two Council sessions (see <http://www.itu.int/council/C2013/pd/031e-link.docx>),

resolves

to approve the four-year rolling Operational Plan for the General Secretariat for 2014-2017, as presented in <http://www.itu.int/council/C2013/pd/031e-link.docx> to implement and undertake the General Secretariat's outputs and activities, and to allow the Secretary-General the necessary flexibility in its implementation.

Ref.: Documents C13/97 and C13/92.

R 1366 **Four-year rolling Operational Plan for the General Secretariat for 2015-2018**
(C14)

The Council,

recognizing

the provisions of Article 5 of the ITU Convention,

having considered

the draft four-year rolling Operational Plan for the General Secretariat for 2015 to 2018 (see http://www.itu.int/en/council/ties/Documents/2014/031e_sg_op-link.docx),

having also considered

the need for the Secretary-General to have some flexibility in the implementation of the four-year rolling Operational Plan so as to take into consideration any changes that may occur during the interval between two Council sessions,

resolves

to approve the four-year rolling Operational Plan for the General Secretariat for the years 2015-2018, as presented in http://www.itu.int/en/council/ties/Documents/2014/031e_sg_op-link.docx, to implement and undertake the General Secretariat's outputs and activities, and to allow the Secretary-General the necessary flexibility in its implementation.

D 496 Guidelines for Strategic Planning Workshops
(C-2000)

The Council,

considering

- a) the need to ensure the continuing relevance and leadership of the Union in a rapidly changing telecommunications environment and in an era of volatile technological change;
- b) that to respond to the changing telecommunications environment requires that the Union should be able to initiate new activities, and study new issues, in a timely and flexible manner;
- c) that, in approving the budget for the 2000-2001 biennium (Resolution 1133), Council provided funding for a "New Initiatives Programme";
- d) that, on the initiative of the Secretary-General, two initial Strategic Planning Workshops were held in Geneva, on Electronic Signatures and Certification Authorities (9-10 December 1999) and on IP Telephony (14-16 June 2000);
- e) that the results of these two workshops were discussed by Council and were considered important and useful to the membership,

decides, with respect to the first two workshops

to instruct the Secretary-General to undertake further studies with a view to identifying the role that ITU can play in e-commerce, authentication and IP Telephony, as well as their legal implications for Member States, and in particular in developing countries,

decides, with respect to future workshops

1 to endorse the continuation of the New Initiatives Programme and the holding of additional workshops within the budget levels approved by Council for the 2000-2001 biennium;

2 to apply the following guidelines for the organization of future strategic planning workshops:

A Objectives

- The main purpose of the workshops is to advise the Secretary-General, in an informal manner on new topics of a regulatory, policy or other nature of high-current interest which cut across the work of the Sectors, with a view to possible inclusion of these topics in the regular work programme of the Union, and for reporting to the Council.

B Selection of topics, participants and locations

- The topics should be selected by the Secretary-General for their high-current interest to Member States and Sector Members.

- The Secretary-General shall select, and issue invitations to, relevant experts, after consultation with Directors of the Bureaux and taking into account proposals from the membership.
- In order to stimulate discussion, the target number of experts should be limited, while respecting the need for geographical balance among the Member States of the Union.
- The dates and topics of the workshops will be communicated to the membership of the Union well in advance to allow time for the submission of contributions and adequate preparation.
- Those who participate should preferably be experts in the subject under discussion and would participate in a personal capacity.
- Upon invitation, workshops may be held outside the headquarters of the Union.

C Finance and resources

- The meetings should be conducted in an efficient and cost effective manner, within the budget allocated by the Council.
- The expenditures incurred in organizing the Workshops, including any voluntary contributions, shall be presented in the accounts of the Union and will be subject to the Financial Regulations of the Union.

D Input and output documents

- Input documents shall include a background paper on the topic and a draft agenda. Where feasible, inputs should also include country case studies and presentations from participants.
- Any Member State or Sector Member may make an input to a Workshop.
- The participants shall determine the outputs of the workshop but they should, in no event, be considered as prescriptive regulatory outcomes or outputs with binding force.

E Information dissemination, technology transfer and education

- One of the objectives of the workshops should be to generate high quality, researched information that can be useful particularly for policy-makers and regulatory agencies, especially in developing countries.
- Each workshop should be accompanied by a website that would be used to inform the membership about the meeting and disseminate all the documentation from the meeting. Information generated could also be disseminated via the ITU News and other Union publications, and in other appropriate formats.
- As appropriate, the material developed shall be disseminated and may be used to assist with training programmes and in technology transfer and know-how.

F Cooperation with the Sectors

- Although the strategic planning workshops will be organized by the SPU, the Sectors will be invited to nominate focal points for cooperation and to assist in the planning and running of Workshops.
- The input documents, including case studies, and outputs shall be channelled to the appropriate Sectors.

G Reporting

- The Secretary-General shall report to Council each year on the activities carried out under the New Initiatives Programme and the Council shall decide on the appropriate follow-up.
- Where follow-up requires inter-sectoral work, or cannot be fitted in to the work of a Sector, this should be coordinated by the Secretary-General, in cooperation with the Directors of the Bureaux.

Ref.: Documents C2000/90 and C2000/98.

5 SECTORS

5.1 General

R 1115 **International Harmonization of Technical Requirements for Legal Interception of Telecommunications**
(C-1997)

The Council,

noting

- a) that many Member countries of the ITU permit their law enforcement and national security agencies, under controlled conditions, to intercept telecommunications services;
- b) that the law enforcement and national security agencies of a significant number of ITU member countries have agreed on a generic set of requirements for legal interception (the International Requirements for Interception, IUR);
- c) that the costs of legal interception capability and associated disruptions can be lessened by providing for the capability at the design stage; and
- d) that such reduction of costs and disruptions could lead to more efficient provision and development of telecommunications infrastructure,

considering

- a) that the provision of a technical capability for interception in relevant standards would not intrude on the sovereign right of countries to decide whether and under what conditions they will permit legal interception; and
- b) that the consideration of requirements for legal interception could fall within the responsibility of both the ITU-R and the ITU-T,

further noting

that some countries are in urgent need of results in this area,

requests the ITU-R and the ITU-T

to give priority to questions on the subject which administrations request them to study.¹

Ref.: Documents C97/135 and C97/138.

¹ It is understood that all ITU-T and ITU-R studies will be based on contributions by administrations.

5.2 Radiocommunication (ITU-R)

R 1148 Status of the members of the Radio Regulations Board

(C-1999)

The Council,

considering

- a) the provisions of Articles 8 (No. 56), 9 (No. 63), 12 (No. 82) and 14 (Nos. 93 to 101) of the Constitution (Geneva, 1992) and those of Articles 2 (Nos. 20 to 22) and 10 (Nos. 139 to 147) of the Convention (Geneva, 1992), as amended by the Kyoto (1994) and Minneapolis (1998) Plenipotentiary Conferences;
- b) that the members of the Radio Regulations Board (RRB) are elected by the Plenipotentiary Conference as custodians of an international mandate;
- c) that they can therefore not be considered as “experts” within the meaning of No. 1001 of the Convention;
- d) that the Headquarters Agreement does not establish a special status for RRB members;
- e) that RRB members are bound by the Convention to participate in radiocommunication conferences, radiocommunication assemblies and, in the case of the chairperson and vice-chairperson of RRB, in the Plenipotentiary Conference, whether these conferences and assemblies are held at or away from headquarters;
- f) that the Plenipotentiary Conference (Minneapolis, 1998) decided that the Council should consider the appropriate means to provide RRB members with the rights and immunities necessary to carry out their duties, on the basis of a report by the Secretary-General following consultation of the host country (Document PP-98/271),

having examined the report drawn up by the Secretary-General (Document C99/61) in response to the decision by the Plenipotentiary Conference (Minneapolis, 1998),

having taken cognizance of the memorandum by the Radio Regulations Board (Document C99/66) transmitted to it by the Secretary-General,

resolves to instruct the Secretary-General

D 535 Cost-allocation methodology

(C05, last amended C14)

The Council,

considering

the new cost-allocation methodology that has been elaborated in view of the linkage between the ITU Financial Plan and the ITU Strategic Plan for the period 2016-2019,

decides

to adopt the cost-allocation methodology described in annex hereto, and that it will enter into force on 1 January 2016.

Annex: 1

Ref.: Documents C05/111 and C05/116; C11/104 and C11/120; C14/99 and C14/102.

ANNEX

New cost-allocation methodology

The cost allocation methodology consists in a 4-step process to allocate the costs from the organizational units to the Goals of the Union. The whole process is summarized in the diagram provided in Appendix.

As a preliminary phase of the cost-allocation methodology, direct costs, which include planned expenses and documentation costs (translation, typing and reprography), are directly assigned to the Outputs, Bureaux and Departments for which they were planned.

Step 1

The costs of the General Secretariat centralized services are distributed to the three Bureaux (BR, TSB, BDT) and the Intersectoral activities through a cost-allocation driver.

The General Secretariat centralized services include:

- Centralized support services, such as building facilities, Conference support services, IS support to meetings and conferences;
- Centralized administrative services, such as Financial and Human resources management, Legal Affairs.

Step 2

The costs of the three Bureaux and Intersectoral activities are reallocated to the Outputs based on a Time survey.

The costs of the Bureaux and Intersectoral activities include: their respective planned costs, documentation costs, and the costs received from the reallocation of the General Secretariat centralized services.

Step 3

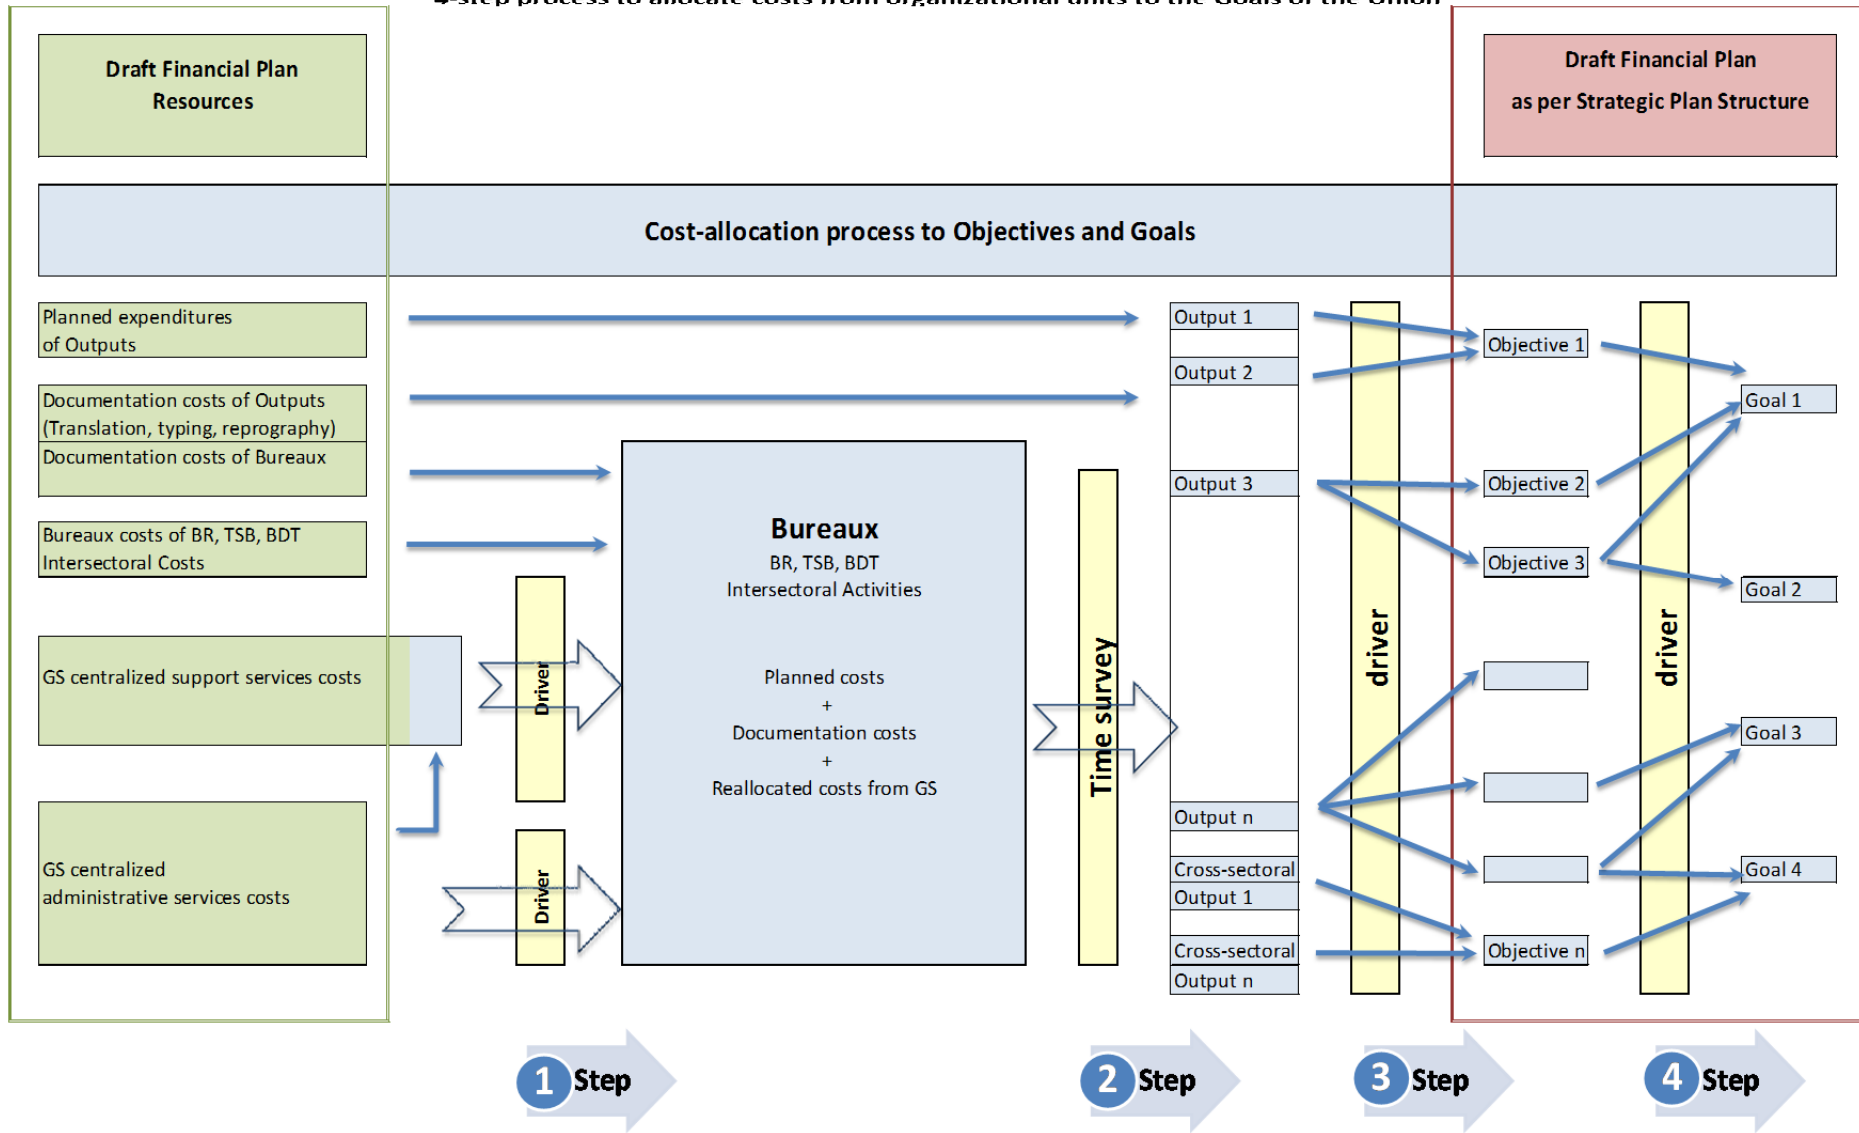

The costs of the Outputs are distributed to the Strategic Objectives of the ITU Strategic Plan based on a cost-allocation driver.

The costs of the Outputs include: their respective planned costs, documentation costs, and the costs received from the three Bureaux and Intersectoral activities.

Step 4

The costs of the Strategic Objectives are reallocated to the Goals of the Union as described in the ITU Strategic Plan based on a cost-allocation driver.

5.4 Telecommunication Development (ITU-D)

R 1114 Regional presence

(C-1997)

The Council,

considering

- a) Resolution 25 of the Plenipotentiary Conference (Kyoto, 1994);
 - b) the report by the Group of Experts on the Evaluation of the ITU Regional Presence, submitted to the Council at its 1996 session in Document C96/60;
 - c) the recommendations on regional presence adopted by the Council in 1996;
 - d) Document C97/9 on proposals for implementing the recommendations referred to in c) above,
- reaffirming*

- a) the importance of the regional presence to the accomplishment of ITU's development missions;
- b) the need to adapt the organization and activities of the regional presence to the requirements of each region;
- c) the need to strengthen the regional presence by enhancing its usefulness and effectiveness in all the regions of the world, particularly by broadening the range of its activities, where appropriate, to encompass all the activities undertaken by ITU,

taking into account

- a) the limited resources currently available to the BDT to satisfy regional presence requirements effectively;
- b) the prospects offered by the budgetary reforms that are currently under way, particularly with regard to use of TELECOM surplus funds, the "project management" approach and cost recovery,

recognizing the need to optimize the use of available resources to satisfy urgent requirements,

resolves to organize the regional presence as follows:

A. For Africa

- a regional office for West Africa and Central Africa in Dakar (Senegal);
- a regional office for East Africa and Southern Africa in Harare (Zimbabwe) or Addis Ababa (Ethiopia);
- an area office for West and Central Africa, the activities of which are to be reconsidered, at Yaoundé (Cameroon);
- an area office for East and Southern Africa, the activities of which are to be reconsidered.

B. For the Asia-Pacific region

- a regional office in Bangkok (Thailand);
- an area office, the activities of which are to be reconsidered, in Nepal;

instructs the Director of the BDT, in collaboration with the Secretary-General and the Directors of the other two Bureaux, and with the assistance of the Group of Experts on the Evaluation of the ITU Regional Presence

1 to take the necessary measures in order to implement the above decisions, in conformity with Resolution 25 of the Plenipotentiary Conference (Kyoto, 1994), Resolution 1096 of the 1996 Council concerning field posts, and the recommendations of the Group of Experts;

2 to seek new sources of financing and make use of those that already exist with the aim of increasing, on a continual basis, the resources available for the regional presence;

3 to reactivate as soon as possible those offices whose operations have been frozen to strengthen existing offices on the basis of the staffing criteria set out in Document C97/9, and to propose the establishment, if necessary, of other area offices, subject to the availability of financial resources;

4 to investigate the possible arrangements for, and impact of, expanding the role of the regional presence to serve the needs of countries wishing to benefit from the full range of the Union's activities;

5 to use modern telecommunication techniques to enhance the circulation of information and further improve the management of the regional presence;

6 to submit to the Council at its 1998 session proposals for presentation to the 1998 Plenipotentiary Conference in Minneapolis (1998).

R 1143 Strengthening the regional presence

(C-1999)

The Council,

considering

- a) Resolution 25 (Minneapolis, 1998) of the Plenipotentiary Conference;
- b) Resolution 71 (Minneapolis, 1998) of the Plenipotentiary Conference;
- c) Resolution 5 of the World Telecommunication Development Conference (Valletta, 1998);
- d) Council Resolution 1114 (Geneva, 1997),

recalling Resolution 25 (Kyoto, 1994) of the Plenipotentiary Conference,

reaffirming

- a) the importance of regional presence for achieving the purposes of the International Telecommunication Union;
- b) that the regional presence is a structural option for pursuing the purposes of the Union in the field in order to meet the needs of the membership;
- c) that if it is to play a pre-eminent role in the development of telecommunication networks and services worldwide, ITU must meet the needs of its membership,

emphasizing that the regional presence, as an integral part of the Union's overall activities, should reflect a "project management" approach based on operational processes that are coordinated between headquarters and the regional offices,

noting with satisfaction that steps have been taken to implement Resolution 25 (Minneapolis, 1998) as indicated in Document C99/14,

noting further that it is important for the regional offices to draw up their draft operational plans within the framework of the BDT operational plan, the guidelines as laid down in the strategic plan and the specific conditions of each region,

aware

- a) that Resolution 74 (Minneapolis, 1998) calls for the review and improvement of the management, functioning and structure of ITU and that this review will encompass the regional presence;
- b) that it is important to address the immediate needs of Member States and Sector Members,

resolves

- 1 that the role of the regional presence is to help fulfil the purposes of the Union in order to meet the needs of its membership through work in the field with telecommunication administrations and regulatory bodies, in particular those in the developing countries, including through collaboration with national, subregional and regional institutions, organizations and other entities;
- 2 that the regional presence, as an integral part of ITU, should support implementation of the decisions, recommendations, actions, programmes and projects approved by the Union through direct and ongoing collaboration with competent national authorities and regional and subregional organizations;
- 3 that the regional presence shall serve, as necessary, to represent the Secretary-General or the Bureau Director of one of the three Sectors;
- 4 that the functions of the regional presence stemming from ITU's dual role as a United Nations specialized agency and executing agency must be clarified, and that the activities described in Resolution 71 (Minneapolis, 1998) must be made clear and implemented e.g. by assigning to the regional presence the generic activities listed in Annex A to this Resolution;
- 5 that the regional presence, acting within the framework of the relevant international organizations, should serve as an advocate for the ITU's perspectives on telecommunication development;
- 6 that the involvement and participation of the developing countries and Sector Members in the regional presence and in all the activities of the Union, including the activities of ITU-R and ITU-T, should be enhanced,

instructs the Director of the Telecommunication Development Bureau, in close collaboration with the Secretary-General and the Directors of BR and TSB:

- 1 to establish closer contacts with Member States, Sector Members and various telecommunication operators from each region in order to gain a clearer understanding and take account of what they expect from the regional presence;
- 2 to set quantified objectives for the implementation of the operational plan, setting out specific constraints in terms of quality, allocated resources and/or time-frames, in consultation with TDAG;
- 3 to determine appropriate performance measurement systems for monitoring the activities referred to in *resolves* 4 (adapting them to the specific characteristics of the regional context), as well as those relating to the various programmes which come under the regional presence;
- 4 to prepare a report to the 2000 session of the Council on the extent to which the above objectives have been met and on planned objectives for 2001;
- 5 to implement gradually the decisions taken by the Council in its Resolution 1114 (Geneva, 1997);
- 6 to draw up and submit to TDAG, for opinion, an action plan to give effect to the instructions handed down under *instructs the Director of BDT* in Resolution 25 (Minneapolis, 1998) within the time-frame stipulated therein;
- 7 to report annually on the progress made in implementing the operational plan drawn up with each regional office, on the basis of quantified and measurable objectives;
- 8 to make the necessary adjustments to BDT's structure, both at headquarters and in the field, in order to balance the strengthening of regional resources (including through the transfer of resources from headquarters to the regional offices) with improved competence in the areas of backstopping, monitoring and coordination at headquarters;
- 9 to define and improve, both at headquarters and in the field, the operational processes pertaining to the regional presence, in order to ensure more effective utilization of resources and avoid duplication,

instructs the Secretary-General and the Directors of BDT, BR and TSB

to proceed with the appropriate delegations, bearing in mind the specific circumstances and priorities in each region, with a view to enhancing the effectiveness of the regional presence,

instructs the Directors of BR and TSB

to prepare for the 2000 session and subsequent sessions of the Council a report on the involvement and effective participation of members in the regions in the activities of their respective Sectors and on the measures taken to strengthen that involvement and participation,

further instructs the Secretary-General

to report back to the 2000 session and subsequent sessions of the Council pursuant to Resolution 25 (Minneapolis, 1998).

6 EXTERNAL RELATIONS

6.1 ITU Membership

R 88 **Relations of the General Secretariat of the Union with States or administrations which are not Members of the Union**
(C-1948, last amended (C-1976))

The Council,

considering that it is advisable to give precise instructions to the Secretary-General in regard to the attitude he must adopt in the event of receiving communications from States or administrations which are not Members of the Union, and also in regard to the dispatch of documents of the Union that such States or administrations might request,

resolves that

1 with the exception specified below, the Secretary-General may correspond with, or forward documents to, Members;

2 the Secretary-General is authorized to correspond with States or administrations not mentioned in paragraph 1 above, with a view to informing them on accession to the Union and the implementation of the Convention or Regulations, or in the case of formal requests to accede, transmitted in accordance with the procedure laid down in the Convention;

3 in respect of any other communication he may receive from a State or administration which is not a Member, the Secretary-General shall take the following steps:

- a) if the communication concerns a matter of policy that the Council should normally consider and resolve, or in the case of doubt, he shall restrict himself to acknowledging it, informing the sender that it will be referred to the Council;
- b) if the communication is clearly of a factual nature, connected with the telecommunication services, the Secretary-General shall acknowledge it, informing the sender that a copy will be sent to the Members of the Union for their information, and shall take action accordingly in each case;

4.1 in cases referred to in paragraph 3 b) above, the Secretary-General shall publish the communication received under the heading: "Information received from sources outside the Union", followed by a note to the effect that the publication of the information in question does not imply recognition of the status of the sender in relation to the Union;

4.2 however, if the nature of the information received is such as to warrant its inclusion in official documents, it shall not be published separately, but shall be incorporated in the appropriate documents, under the title and with the explanatory note referred to in paragraph 4.1;

5.1 requests for documents, public sale of which is authorized, may be complied with in return for payment;

5.2 all Notifications, communications and circular letters distributed gratis by the Secretary-General to Members of the Union shall be furnished by him to any private individual or to any organization on request in return for payment at a price to be fixed by the Secretary-General;

6 until Germany becomes a Member once again, the Secretary-General is authorized to correspond with the Allied Control Commission in Germany; he shall, as a practical measure, be provisionally authorized to correspond with the occupation zones of Germany, bearing in mind the practice at present in force.

R 177 Circular telegrams to administrations

(C-1950)

The Council,

considering that the practice of circulating by telegram to all administrations communications emanating from an administration throws heavy burden on all administrations and private operating agencies, which is justified only in cases of urgent necessity for the services of the Union,

recommends

1 the administrations of the Union to refrain, insofar as possible, from requesting that their communications to the Union should be forwarded by circular telegram, restricting such requests to strictly indispensable cases;

2 that the Secretary-General, when he receives a communication from a Member of the Union with the request that he should forward it to all the other Members, by circular telegram, should comply only if he judges that the matter is urgent and of fundamental importance to the services of the Union, which might be prejudiced if telegraph is not used;

3 that in all other cases, he shall use the post, informing the administrations in question accordingly and referring to the present Resolution. If the administrations should insist on a circular telegram, the Secretary-General shall comply with the request.

Ref.: Document 806/CA5 (1950).

R 216 Applications for Membership of the Union

(C-1951, last amended C-1984)¹

The Council,

in view of the provisions of Nos. 2 to 6 of the Nairobi Convention, 1982, regarding applications for Membership of the Union,

considering

a) that there is no provision in the Convention limiting the number of applications for admission which may be made by any one country;

¹ See also Decision 185.

b) that the Secretary-General is not qualified to express an opinion upon the status of a country or the Government thereof having submitted an application,

resolves

1 that in accordance with No. 11 of the Nairobi Convention, 1982, Members which have signed and ratified the Convention or have acceded hereto are permitted to vote on the admission of a new Member (see also No. 178 of the Convention);

2 that applications for admission as Member sent to the Secretary-General, as well as the results of the consultations communicated by the Secretary-General to the applicant governments, must be sent through diplomatic channels and through the intermediary of the Swiss Government;

3 that a country of which the application for Membership has been declared unsuccessful may at any time make further application for Membership;

4 that the procedure for treatment of an application, whether it is made for the first time or following one or more unsuccessful applications, shall be as follows:

a) upon receipt of an application, the Secretary-General shall, as soon as possible, inform by telegram all countries listed in Annex 1 to the Convention and countries which have acceded to that Convention;

b) the telegram shall specify that the countries called upon to give an opinion on the request for admission are those which have ratified or acceded to the Convention, together with those which ratify the Convention before the end of the consultation period provided that, at that time, they have not lost their right of vote under No. 117 of the Convention;

c) the text of the telegram shall be confirmed by letter;

d) upon expiry of the period of four months from the date of dispatch of the telegram, the Secretary-General shall determine whether the requisite majority vote in favour has been cast, namely, two-thirds of the countries indicated in b) above;

5 that the result of the consultation shall be published in a Notification of the Union, which shall list the Members voting in favour of admission and those voting against.

R 262 Complaints from Members of the Union against other Members of the Union

(C-1952, last
amended
C-1984)

The Council,

considering

a) that the Secretary-General is requested to inform all Members of the Union of complaints made by certain Members, and of concern to a limited number of Members only;

b) that the Secretary-General is not competent to intervene in disputes arising between Members of the Union;

- c) that two procedures are laid down for the settlement of disputes:
- a) direct, friendly negotiations between the Members concerned;
 - b) recourse to the provisions of article 50 of the Nairobi Convention, 1982,

invites Members of the Union

to abstain from calling upon the Secretary-General to acquaint other Members with their disputes, either by publication in a Notification or by any other means,

instructs the Secretary-General

RESOLUTION 2426 (XXIII)⁴

IMPLEMENTATION OF THE DECLARATION ON THE GRANTING OF INDEPENDENCE TO COLONIAL COUNTRIES AND PEOPLES BY THE SPECIALIZED AGENCIES AND THE INTERNATIONAL INSTITUTIONS ASSOCIATED WITH THE UNITED NATIONS

The General Assembly,

having considered the item entitled “Implementation of the Declaration on the Granting of Independence to Colonial Countries and Peoples by the specialized agencies and the international institutions associated with the United Nations”,

recalling the Declaration on the Granting of Independence to Colonial Countries and Peoples contained in General Assembly Resolution 1514 (XV) of 14 December 1960,

recalling its Resolution 2311 (XXII) of 14 December 1967 and other relevant General Assembly Resolutions,

taking into account the relevant reports submitted by the Secretary-General, the Economic and Social Council and the Special Committee on the Situation with regard to the Implementation of the Declaration on the Granting of Independence to Colonial Countries and Peoples concerning the implementation of the Declaration by the specialized agencies and international institutions associated with the United Nations,

bearing in mind that the national liberation movements in several colonial Territories, and particularly in Africa, require the urgent assistance of the specialized agencies, particularly in the field of education, health and nutrition, in their struggle to attain freedom and independence,

noting with regret that some of the specialized agencies and international institutions associated with the United Nations, and in particular the International Bank for Reconstruction and Development and the International Monetary Fund, have not so far implemented Resolution 2311 (XXII) and other relevant Resolutions,

considering that, by virtue of the Charter of the United Nations, in particular Chapters IX and X, the United Nations shall make recommendations for the coordination of the policies and activities of the specialized agencies,

1 *reiterates its appeal* to the specialized agencies, the International Atomic Energy Agency and the international institutions associated with the United Nations to extend their full cooperation to the United Nations in the achievement of the objectives and provisions of General Assembly Resolution 1514 (XV) and other relevant Resolutions,

2 *expresses its appreciation* to the Office of the United Nations High Commissioner for Refugees and to those specialized agencies and international institutions which have cooperated with the United Nations in the implementation of the relevant General Assembly Resolutions,

⁴ See Resolution 765/CA30 (1975).

4 *appeals once again* to all the specialized agencies and international institutions and, in particular, the International Bank for Reconstruction and Development and the International Monetary Fund, to take all necessary steps to withhold from the Governments of Portugal and South Africa financial, economic, technical and other assistance until they renounce their policies of racial discrimination and colonial domination,

5 *recommends* that the International Bank for Reconstruction and Development should withdraw the loans and credits which it has granted to the Governments of Portugal and South Africa, which are being used by those Governments to suppress the national liberation movements in the Portuguese colonies and in Namibia, and against the African population of the Republic of South Africa,

ANNEX 4

RESOLUTION 2465 (XXIII)⁵

IMPLEMENTATION OF THE DECLARATION ON THE GRANTING OF INDEPENDENCE TO COLONIAL COUNTRIES AND PEOPLES

The General Assembly,

recalling the Declaration on the Granting of Independence to Colonial Countries and Peoples contained in its Resolution 1514 (XV) of 14 December 1960,

recalling its Resolutions 1654 (XVI) of 27 November 1961, 1810 (XVII) of 17 December 1962, 1956 (XVIII) of 11 December 1963, 1970 (XVIII) of 16 December 1963, 2105 (XX) of 20 December 1965, 2189 (XXI) of 13 December 1966 and 2326 (XXII) of 16 December 1967,

recalling also its Resolutions 2288 (XXII) of 7 December 1967 and 2425 (XXIII) of 18 December 1968 concerning the item entitled “Activities of foreign economic and other interests which are impeding the implementation of the Declaration on the Granting of Independence to Colonial Countries and Peoples in Southern Rhodesia, Namibia and Territories under Portuguese domination and in all other Territories under colonial domination and efforts to eliminate colonialism, *apartheid* and racial discrimination in southern Africa”,

recalling further its Resolutions 2311 (XXII) of 14 December 1967 and 2426 (XXIII) of 18 December 1968 concerning the implementation of the Declaration on the Granting of Independence to Colonial Countries and Peoples by the specialized agencies and the international institutions associated with the United Nations,

noting with grave concern that eight years after the adoption of the Declaration many Territories are still under colonial domination,

deploring the failure of those colonial Powers, especially Portugal and South Africa, which have not complied with the Declaration and relevant Resolutions on the question of decolonization, particularly those relating to the Territories under Portuguese domination, Southern Rhodesia and Namibia, and gravely concerned about the attitude of those Member States which have not fully cooperated in the implementation of the above-mentioned Resolutions,

bearing in mind that the continuation of colonialism and its manifestations, including racism and *apartheid*, and the attempts of some colonial Powers to suppress national liberation movements by repressive activities against colonial peoples are incompatible with the Charter of the United Nations, the Universal Declaration of Human Rights and the Declaration on the Granting of Independence to Colonial Countries and Peoples,

deploring the attitude of certain States which, in disregard of the pertinent Resolutions of the Security Council, the General Assembly and the Special Committee on the Situation with regard to the Implementation of the Declaration on the Granting of Independence to Colonial Countries and Peoples, continue to cooperate with the Governments of Portugal and South Africa and with the illegal racist minority régime in Southern Rhodesia, which are continuing to repress the African peoples,

⁵ See also Resolution 765/CA30 (1975).

gravely concerned about the development in southern Africa of the *entente* between the Governments of Portugal and South Africa and the illegal racist minority régime in Southern Rhodesia, the activities of which endanger international peace and security,

convinced that further delay in the speedy and effective implementation of the Declaration remains a source of international conflicts and differences, which are seriously impeding international cooperation and endangering world peace and security,

stressing once again the need for the large-scale and continuous publicizing of the work of the United Nations in the field of decolonization, of the situation in the colonial Territories and of the continuing struggle for liberation being waged by the colonial peoples,

recalling that the year 1970 will be the tenth anniversary of the adoption of the Declaration,

1 *reaffirms* its Resolution 1514 (XV) and all of its other Resolutions on the question of decolonization,

4 *reiterates* its declaration that the continuation of colonial rule threatens international peace and security and that the practice of *apartheid* and all forms of racial discrimination constitutes a crime against humanity,

5 *reaffirms* its recognition of the legitimacy of the struggle of the colonial peoples to exercise their right to self determination and independence and notes with satisfaction the progress made in the colonial Territories by the national liberation movements, both through their struggle and through reconstruction programmes, and urges all States to provide moral and material assistance to them,

6 *urges* all States to comply strictly with the provisions of its various Resolutions and those of the Security Council concerning the colonial Territories, and in particular to give the necessary moral, political and material support to the peoples of those Territories in their legitimate struggle to achieve freedom and independence,

7 *requests* all States, as well as the specialized agencies and international institutions, to withhold assistance of any kind from the Governments of Portugal and South Africa and from the illegal racist minority régime of Southern Rhodesia until they renounce their policy of colonial domination and racial discrimination,

8 *declares* that the practice of using mercenaries against movements for national liberation and independence is punishable as a criminal act and that the mercenaries themselves are outlaws, and calls upon the Governments of all countries to enact legislation declaring the recruitment, financing and training of mercenaries in their territory to be a punishable offence and prohibiting their nationals from serving as mercenaries,

9 *requests* the colonial Powers to dismantle their military bases and installations in colonial Territories and to refrain from establishing new ones and from using those that still exist to interfere with the liberation of the peoples in colonial Territories in the exercise of their legitimate rights to freedom and independence,

10 *once again condemns* the policies, pursued by certain colonial Powers in the Territories under their domination, of imposing non-representative régimes and constitutions, strengthening the position of foreign economic and other interests, misleading world public opinion and encouraging the systematic influx of foreign immigrants while displacing, deporting and transferring the indigenous inhabitants to other areas, and calls upon those Powers to desist from such maneuvers,

11 *requests* the Special Committee to continue to perform its task and to seek suitable means for the immediate and full implementation of the Declaration in all Territories which have not yet attained independence,

12 *requests* the Special Committee to make concrete suggestions which could assist the Security Council in considering appropriate measures under the Charter of the United Nations with regard to developments in colonial Territories which are likely to threaten international peace and security, and recommends that the Council take such suggestions fully into consideration,

13 *requests* the Special Committee to continue to examine the compliance of Member States with the Declaration and with other relevant Resolutions on the question of decolonization, particularly those relating to the Territories under Portuguese domination, Southern Rhodesia and Namibia, and to report thereon to the General Assembly at its twenty-fourth session,

14 *invites* the Special Committee to pay particular attention to the small Territories and to recommend to the General Assembly the most appropriate methods and also the steps to be taken to enable the populations of those Territories to exercise fully their right to self-determination and independence,

15 *urges* the administering Powers to cooperate with the Special Committee by permitting the access of visiting missions to the colonial Territories in accordance with decisions previously taken by the General Assembly and by the Special Committee,

16 *decides* to establish a Preparatory Committee for the Tenth Anniversary of the Declaration on the Granting of Independence to Colonial Countries and Peoples, consisting of the members of the Special Committee and six other members to be nominated by the President of the General Assembly in consultation with the Chairman of the Special Committee, and requests that Committee to prepare a special programme of activities in connection with the tenth anniversary of the adoption of the Declaration with a view to finding further ways and means to expedite the achievement of the objectives set forth in the Declaration, and to report to the General Assembly at its twenty-fourth session,

b) that not all international organizations are sufficiently aware of the role of the ITU in the regulation and standardization of telecommunications or of the activities of the Union in preparing reports and recommendations relating to the planning and exploitation of the telecommunication infrastructure and services;

c) the request addressed to the Director-General of UNESCO by the General Assembly of the United Nations, in its Resolution A/RES/31/139, to report, in cooperation with the specialized agencies concerned, on progress achieved in the development of mass communication systems, this report to be considered at the 33rd Session (1978) of the Assembly,

considering

a) that the International Telecommunication Union is recognized by the United Nations as the specialized agency responsible for taking such action as may be appropriate under its basic instrument for the accomplishment of the purposes set forth therein;

b) that article 4 of the International Telecommunication Convention, Nairobi, 1982, states the purposes of the Union as being:

- to maintain and extend international cooperation between all Members of the Union for the improvement and rational use of telecommunications of all kinds, as well as to promote and to offer technical assistance to developing countries in the field of telecommunications;
- to promote the development of technical facilities and their most efficient operation with a view to improving the efficiency of telecommunications services, increasing their usefulness and making them, so far as possible, generally available to the public;
- to harmonize the actions of nations in the attainment of those ends;

c) that through its organs, as specified in Article 5 of the International Telecommunication Convention, the action of the Union in the domain of telecommunications extends from regulation and standardization to the completion of technical studies leading to intergovernmental agreements on the planning, operation and maintenance of telecommunication services of all kinds, including telecommunication transmission systems and tariffs intended for mass communications;

d) that the ITU participates fully in the United Nations Development Programme as the executing agency for telecommunication projects,

recognizing that, in seeking to harmonize national and international efforts in the development of telecommunications, the Union is bound to maintain contact with other international organizations dealing with communications in order to be informed of their activities and to inform these organizations of existing regulatory and standardization provisions as well as past and present activities of the Union having a bearing on their work,

invites all Members of the Union

1 to provide national delegations attending meetings of the United Nations, the specialized agencies and other international organizations, where items concerning communications will be discussed, with a briefing on the role and responsibilities of the Union in the domain of telecommunications;

2 to bring this Resolution to the notice of these national delegations,

instructs the Secretary-General

1 to bring this Resolution to the notice of the Secretary-General of the United Nations and to the heads of the UN specialized agencies and of all other international organizations having an interest in the development of telecommunications;
