GENERAL INFORMATION

Lists annexed to the Operational Bulletin

Note from TSB

- A. The following Lists have been published by TSB or BR as Annexes to the ITU Operational Bulletin (OB):

OB No.

- 669 Five-letter Code Groups for the use of the International Public Telegram Service (According to ITU-T Recommendation F.1 (03/98))
- 691 Service Restrictions (Recapitulatory list of service restrictions in force relating to telecommunications operation) (Position on 1 May 1999)
- 693 List of Telex Destination Codes (TDC) and Telex Network Identification Codes (TNIC) (Complement to ITU-T Recommendations F.69 and F.68) (Position on 31 May 1999)
- 720 List of Data Country or Geographical Area Codes (Complement to ITU-T Recommendation X.121) (Position on 15 July 2000)
- 725 List of Names of Administration Management Domains (ADMD) (In accordance with ITU-T F.400 and X.400 series Recommendations) (Position on 30 September 2000)
- 761 List of International Signalling Point Codes (ISPC) (According to ITU-T Recommendation Q.708 (03/99)) (Position on 1 April 2002)
- 763 List of ITU-T Recommendation E.164 assigned country codes (Complement to ITU-T Recommendation E.164 (05/97)) (Position on 1 May 2002)
- 764 List of Telegram Destination Indicators (In accordance with ITU-T Recommendation F.32) (Position on 15 May 2002)
- 766 List of Country or Geographical Area Codes for non-standard facilities in telematic services (Complement to ITU-T Recommendation T.35) (Position on 15 June 2002)
- 767 Status of Radiocommunications between Amateur Stations of different Countries (In accordance with optional provision No. 25.1 of the Radio Regulations) and Form of Call Signs assigned by each Administration to its Amateur and Experimental Stations (Position on 1 July 2002)
- 767 List of Signalling Area/Network Codes (SANC) (Complement to ITU-T Recommendation Q.708 (03/99)) (Position on 1 July 2002)
- 777 List of Data Network Identification Codes (DNIC) (According to ITU-T Recommendation X.121 (10/00)) (Position on 1 December 2002)
- 779 Mobile Network Code (MNC) for the international identification plan for mobile terminals and mobile users (According to ITU-T Recommendation E.212 (11/98)) (Position on 1 January 2003)
- 781 Various tones used in national networks (According to ITU-T Recommendation E.180 (03/98)) (Position on 1 February 2003)
- 783 List of Mobile Country or Geographical Area Codes (Complement to ITU-T Recommendation E.212 (11/98)) (Position on 1 March 2003)
- 785 List of Issuer Identifier Numbers for the International Telecommunication Charge Card (in accordance with ITU-T Recommendation E.118) (Position on 1 April 2003)
- 787 Dialling Procedures (International prefix, national (trunk) prefix and national (significant) number) (In accordance with ITU-T Recommendation E.164 (05/97)) (Position on 1 May 2003)
- 789 Access codes/numbers for mobile networks (According to ITU-T Recommendation E.164) (Position on 1 June 2003)

- B. The following Lists are now available online from the ITU-T website:

List of ITU Carriers Codes

(ITU-T Rec. M.1400 (02/00))

Approval of ITU-T Recommendations

A. By TSB AAP-60 of 16 August 2003 it was announced that the following ITU-T Recommendations were approved, in accordance with the procedures outlined in ITU-T Recommendation A.8:

- ITU-T Recommendation H.235 (06/08/2003): Security and encryption for H-series (H.323 and other H.245-based) multimedia terminals
- ITU-T Recommendation H.350 (06/08/2003): Directory services architecture for multimedia conferencing
- ITU-T Recommendation H.350.1 (06/08/2003): Directory services architecture for H.323
- ITU-T Recommendation H.350.2 (06/08/2003): Directory services architecture for H.235
- ITU-T Recommendation H.350.3 (06/08/2003): Directory services architecture for H.320
- ITU-T Recommendation H.350.4 (06/08/2003): Directory services architecture for SIP
- ITU-T Recommendation H.350.5 (06/08/2003): Directory services architecture for non-standard protocols

Telephone Service

Cuba (country code +53)

Communication of 12.VIII.2003:

Empresa de Telecomunicaciones de Cuba S.A. (ETECSA), La Habana, announces that the following new number series have been introduced:

<i>Exchange</i>	<i>Current Area Code</i>	<i>Number series</i>	<i>Activation date</i>
Ciudad de la Habana	7	80X XXXX – 84X XXXX	immediate

Timor-Leste (East Timor) (country code +670)

Communication of 8.VIII.2003

The *General Direction of Transport and Communications*, Dili, announces that the *East Timor Public Administration in the Ministry of Transport, Communications and Public Works* has adopted the following revised numbering plan for Timor-Leste that will be introduced on 28 September 2003.

The country code for Timor-Leste is +670.

The numbering plan in Timor-Leste shall be a closed plan.

The national (significant) number (N(S)N) will consist of seven (7) digits with no area code.

- Geographic numbering

The country will comprise three regions with a number of sub-regions. Until such time as full geographic number portability is introduced, the regions and sub-regions will be recognizable from the numbers as follows:

Western Region

21X XXXX	Manufahi
22X XXXX	Cova Lima
23X XXXX	Bobonaro
24X XXXX	Ainaro
25X XXXX	Dekuse

Central Region

31X XXXX	Dili (reserve)
32X XXXX	Dili (reserve)
33X XXXX	Dili (initial)
36X XXXX	Liquica
37X XXXX	Aileu
38X XXXX	Ermera
39X XXXX	Oekusi

Eastern Region

41X XXXX	Baucau
42X XXXX	Manatuto
43X XXXX	Viqueque
44X XXXX	Lautem

The international prefix will be "00" instead of "001".

To conform with the seven (7) digit subscriber number, all current local six (6) digit subscriber numbers will be extended to seven (7) digits by adding digit "3" in front of the existing subscriber numbers. No subscriber number may begin with "1", "7", "8" or "9".

- Non-geographic numbering

The following non-geographic destination codes and number ranges are assigned in accordance with international trends:

80X XXXX	freephone and specially tariffed services (including Internet dial-up access numbers)
90X XXXX	premium rate services
70X XXXX	personal numbering
71X XXXX	voicemail
7YX XXXX	cellular mobile (Y=2, 3... as required)
79X XXXX	paging

The code 112 shall be provided as a general emergency number, but the existing emergency numbers will continue to be in service whether or not they are advertised.

Short codes in use are:

- 100 – Prepaid service PPS Recharge
- 102 – Prepaid service PPS Balance
- 112 – General emergency number
- 115 – Fire Brigade number
- 120 – Operator assistance
- 121 – Fault report
- 123 – Customer service
- 128 – Directory Enquiries
- 172 – Timor Telecom Customer Care
- 190 – TT Internal technical support (Switching)
- 197 – TT Internal technical support (Local network)

Short codes beginning with "1" which connect to information services will be moved to "800" or "900".

In order to allow for competition by different operators on the whole territory of Timor-Leste, telecommunication operators will be allocated blocks of subscriber numbers in areas where they wish to operate. Number blocks will be a minimum of 10,000 numbers, but any operator may be allocated more than one block.

No numbers should be used for any purpose in Timor-Leste without prior allocation by the *General Directorate of Transport and Communications* (future ARCOM). The exception to this will be regarding numbers already in use, in which case a retrospective allocation will be made.

The inconvenience to subscribers associated with the introduction of the new numbering plan will be kept to a minimum by ensuring that for the first three months, old and new numbers will be used in parallel (i.e. both the old numbering system "three-digit area code + six-digit subscriber number" will remain in operation in parallel with the new numbering scheme "seven-digit subscriber number"). Thereafter the operator will take all necessary measures to ensure that subscribers experience a minimum of inconvenience.

The implementation of the numbering plan will commence on 28 September 2003.

**National Numbering Plan
(According to ITU-T Recommendation E.129 (09/02))**

Electronic version: <http://itu.int/itu-t/inr/nnp/>

Administrations are requested to notify ITU about their national numbering plan changes, or to give an explanation on their web page concerning the national numbering plan as well as their contact points, so that the information, which will be available freely to all Administrations/ROAs and service providers, can be posted on ITU-T website.

For their numbering website, or when sending their information to ITU/TSB (e-mail: tsbtson@itu.int), Administrations are kindly requested to use the format as explained in ITU-T Recommendation E.129. They are reminded that they will be responsible for the timely update of this information.

From 1.VIII.2003 to 15.VIII.2003, the following countries have updated or provided their national numbering plan:

Aruba	(country code +297)
Bahrain	(country code +973)
Benin	(country code +229)
Dem. People's Rep. of Korea	(country code +850)
Guinea-Bissau	(country code +245)
Lao P.D.R.	(country code +856)
