### Germany Austria

Joint Communiqué of 25.IV.2006:

#### *Cessation of telex service*

*Deutsche Telekom, Karlsruhe* (Germany) and *Legacy Communications Luze GesmbH, Vienna* (Austria), announce in this joint communiqué that since 1 April 2006, Legacy Communications Luze GesmbH no longer provides the telex service (international and national) to and from Austria.

For the period of 1 January 2002 to 31 March 2006, Legacy Communications Luze GesmbH has provided telex service for a closed user group of remaining Austrian telex customers after the general cessation of telex service in Austria effective 31 December 2001 (see ITU Operational Bulletin No. 749 of 1 October 2001). All telex traffic to and from Austria had to be routed via Deutsche Telekom telex exchange at Stuttgart, accounted in terminal SKA ("Sender Keeps All") method. Only Deutsche Telekom's transit fee applied.

The telex destination code (TDC) "47" allocated to Austria (ITU-T Recommendation F.69), including the telex network identification code (TNIC) "A" (ITU-T Recommendation F.68), remain, nevertheless, reserved for use by Austria.
