GENERAL CONDITIONS OF SALE

■ Prices

The prices quoted in Publication Notices, as well as in the ITU Catalogue of Publications and in the Lists of ITU-T and ITU-R Recommendations (distributed free of charge and visible on the ITU website at the following address: www.itu.int/publications), are in Swiss francs (CHF) and are subject to change without notice.

Discounts of 15% are granted to Member State administrations and Sector Members participating in the work of ITU. A discount of 80% of the catalogue price on all ITU publications is granted to Member State administrations of the least developed countries (LDCs), as well as to libraries of educational institutions (for online subscriptions and CD-ROM/DVD-ROM publications only). **Please note that the minimum price for a publication bought from the Electronic Bookshop is twenty Swiss francs (CHF 20.–) and that there is no discount when using this service.**

All additional information concerning CD-ROMs, DVD-ROMs, online Recommendations and the ITU Electronic Bookshop can be found in the Catalogue of Publications and its associated Lists of ITU-R and ITU-T Recommendations.

■ Methods of payment

All publications ordered from ITU must be paid for in advance. Payments can be made:

- a) by credit card: American Express, Eurocard/Mastercard, Visa;
- b) by bank transfer to the UBS SA, Geneva, IBAN: CH 96 0024 0240 C876 5565 0, BIC (SWIFT): UBSWCHZH80A – Clearing No. 240;
- c) by cheque made payable to the Secretary General of ITU;
- d) by international postal order;
- e) to the ITU postal cheque account: ITU Geneva, No. 12-50-3 (from within Switzerland);
- f) by UNESCO coupon.

Payments normally should be made in Swiss francs (CHF). Payments may also be made in other currencies freely convertible into CHF, provided that, when converted by the bank, the price of the service in CHF is covered. ITU does not accept letters of credit.

For faster order processing, we invite you to either pre-pay by credit card or take advantage of a new service by opening an ITU deposit account.

■ Forms of dispatch

The catalogue price includes the cost of dispatch by non-registered economy-class mail or the means of carriage most advantageous to ITU. Dispatch can be requested in other forms: i.e. airmail, DHL, Federal Express, TNT, UPS, Freight or diplomatic pouch. If one of these alternative methods is chosen, the dispatch cost will be added to the quote. Clients may choose to provide ITU with their own valid UPS/Fedex/DHL/TNT account number for shipping at their expense. If a freight forwarder is designated by a client, the latter assumes **all** transport charges. The costs of shipping via registered mail have been added to the economy-class costs. You may, if you wish, refuse these conditions but, in this case, ITU will not be held responsible for the replacement of any undelivered orders dispatched by mail that has not been registered. Customs duties and other taxes or dues levied on imported goods are not borne by ITU. **ITU accepts no responsibility** for delay, loss or damage in shipment. Any discrepancy or claim must be communicated to ITU within six months of dispatch of the publication(s).

■ Return of publications

Where a publication found to be faulty is returned to ITU, the latter's responsibility shall be limited to replacement of the publication and payment of the costs arising from such replacement. Any publication returned to ITU as unwanted must reach it within one (1) month from the date of its dispatch to the customer, subject to ITU's prior agreement. A minimum charge of fifty Swiss francs (CHF 50.–) will normally be invoiced to the customer by ITU for return of the publication to stock.

No exchange or refund is available for purchases made directly at the ITU Bookshop.

In the case of electronic publications (CD-ROM, DVD-ROM and online), these general conditions shall apply, subject to the specific derogation provisions contained in the Licence Agreements. The placing of an order implies full acceptance of these general conditions of sale.

None of the provisions of these general conditions of sale shall be interpreted as constituting a derogation or renunciation of the privileges, immunities and facilities enjoyed by ITU in accordance with the international agreement applicable to it, in particular the Headquarters Agreement concluded with the Swiss Federal Council on 22 July 1971, as well as the Swiss law or any other relevant national legislation.

**Please note that orders cannot be taken over the telephone.
They should be sent in writing.**

List of Issuer Identifier Numbers for the international telecommunication charge card (In accordance with ITU-T Recommendation E.118)

Note from TSB

This List replaces the List annexed to ITU Operational Bulletin No. 883 of 1.V.2007. It contains all the Issuer Identifier Numbers (IIN) registered by ITU, which have been notified to the Operational Bulletin up to and including No. 919 of 1.XI.2008.

For your information, this List is constantly updated by a series of numbered amendments published in the ITU Operational Bulletin. Furthermore, the information contained in this Annex is also available on the ITU website (www.itu.int/itu-t/bulletin/annex.html), and can be consulted by subscribers by remote access.

An IIN is used to identify a telecommunication company in a country that is working in an international environment. According to ISO Standard 7812-2, the criteria for approval and rejection of applications are:

“4.3.1 Criteria for approval of an application for a single IIN

Applications for a single IIN shall meet all the criteria for approval below and shall not comply with any of the criteria for rejection in 4.3.2:

- a) the applicant applying for a single IIN shall not already have an IIN assigned to it in its own right (outside of any card scheme);
- b) the IIN shall be for immediate use, preferably within 12 months of the date of issue of the IIN;
- c) the card being issued shall be for use in an international interchange environment (see ISO/IEC 7812-1);
- d) the applicant shall be a single corporate entity operating under a specific legislative regulation.

4.3.2 Criteria for rejection of an application for a single IIN

An applicant for a single IIN shall be rejected by the Sponsoring Authority when any one of the following conditions exist:

- a) the applicant is not a card issuer;
- b) the applicant has previously been assigned an IIN in its own right (outside of its membership of any card scheme) which it is still using and the applicant has not provided adequate supplementary information as justification for issue of an additional IIN (see 4.2);
- c) the cards issued by the applicant would not be used in an international and/or interindustry interchange environment;
- d) the IIN will be used to identify or differentiate between products, services or technologies (i.e. including but not limited to integrated circuit cards), or solely to facilitate routing, or to identify geographic location;
- e) the IIN will be used to identify or differentiate between branches or subsidiaries within the applicant's organization (i.e. these branches or subsidiaries are not separate corporate entities);
- f) the applicant has requested a specific number or the reservation in the register of a specific number or made a request which is outside the scope of this part of ISO/IEC 7812;
- g) no card will be issued for immediate use, e.g. within 12 months from the date of issue of an IIN.”

Furthermore, under point 4.2 d) of ITU-T Recommendation E.118, ITU shall collect a one-time fee for the assignment and registration of each new Issuer Identifier Number. This fee is currently CHF 80.

Applicants will find, attached to the List, a registration form that is intended to facilitate requests for assignment and registration. Applicants applying for a single IIN are requested to fill in the registration form and submit it to the approval-organization in their country before it is sent to ITU for registration, accompanied with evidence of payment to ITU of the one-time registration fee.

In order to keep the List up to date, the companies listed are requested to send all modifications concerning their company and contact address to ITU, TSB/OBNA, fax no. +41 22 730 5853, e-mail: tsbtson@itu.int.

The designations employed and the presentation of material in this List do not imply the expression of any opinion whatsoever on the part of ITU concerning the legal status of any country or geographical area, or of its authorities.
