REGIONAL CYBER DRILL - ALERT

(Applied Learning for Emergency Response Teams) Chisinau, Moldova, 21 - 23 November 2017

Organiser

International Telecommunication Union

Event Hosts

State Chancellery of the Republic of Moldova
S.E. "Center of Specoal Telecommunications"

Ministry of Economy and Infrastructure of the Republic of Moldova

Strategic Partner

RegionalCooperationCouncil

Partners

The purpose of the ALERT, which can be seen as a simulation in a controlled environment, is to enhance the communication and participating teams' incident response capabilities.

This simulation aims to assist national and governmental CSIRT teams of participating states to develop and implement operational procedures in response to various cyber incidents, and to identify future planning and process improvements.

This exercise also aims at maintaining and strengthening the international cooperation between countries in ensuring continued collective effort against cyber threats.

DRAFT AGENDA

Tuesday 21 November 2017
