UNEMPLOYMENT ARAB YOUTH

Source: ILO

ARE WE WASTING TODAY'S YOUTH?

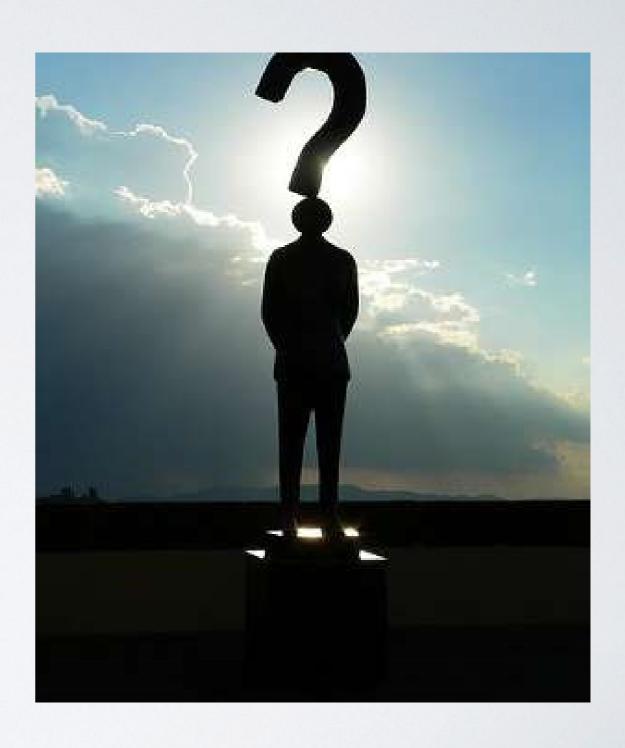

- Economic productivity loss est. USD400 billion/year
- Deskilling & social exclusion
- Mistrust & disengagement
- Unhappiness & mental problems

WHAT GROWS TODAY?

- Telecommunications
- Consumer Products & Services
- Software & Technology
- Business products & services
- Government services
- Advertising & Marketing
- Media & Communications

INDUSTRY NEEDS

- Young people
 - Science, math and technical education
 - Theoretical and hands-c training
 - Problem solving skills
 - High digital literacy

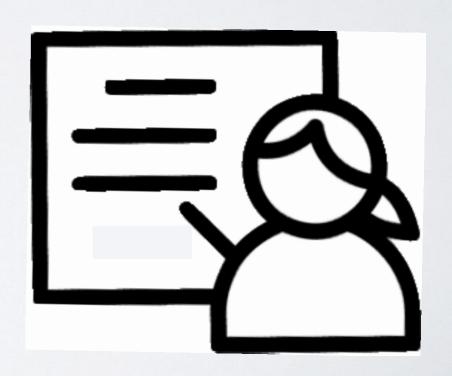

YOUTH SKILLS TODAY

- Over-educated & overskilled - masters & PhD
- Under-skilled & undereducated - high school

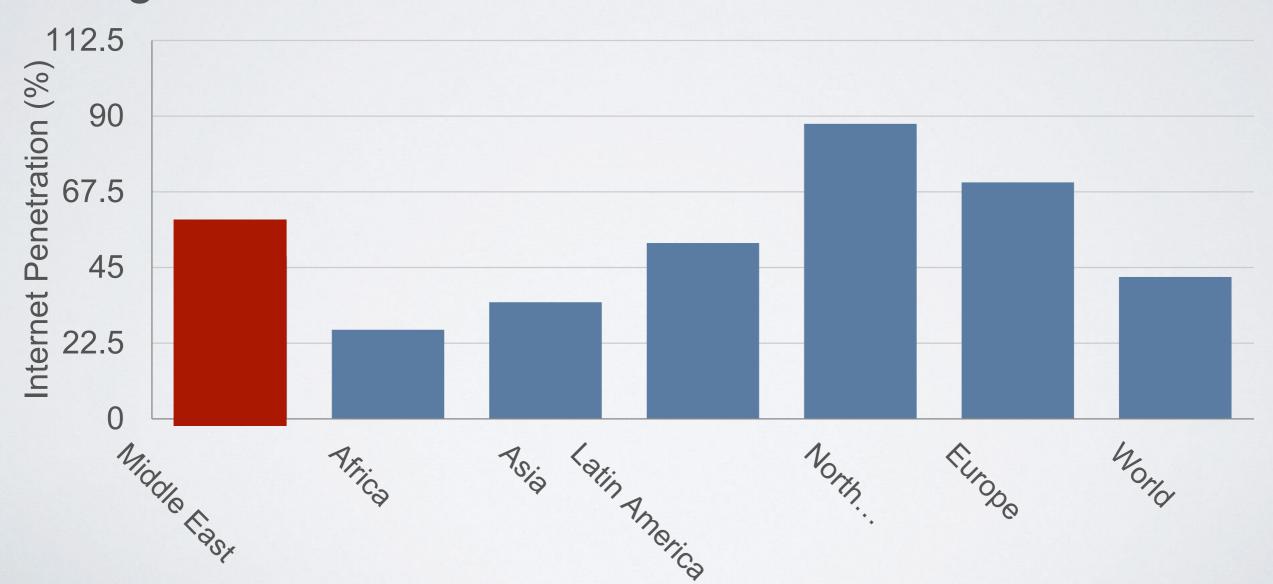

HOW WE TEACH

- Educational programs and curricula do not match the market needs
- Schools curricula still aims at the classics and basic
- Teaching methods don't effectively integrate technology in learning

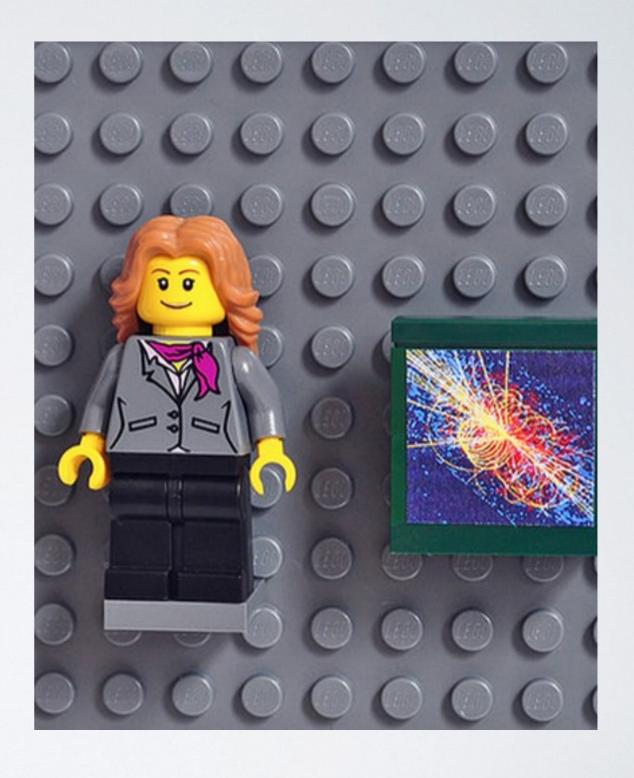

INTERNET CITIZENSHIP

 2.9 billion internet natives | Internet penetration by regions

DIGITAL LITERACY & EMPLOYMEN T

DIGITAL LITERACY

- Digital Literacy not a luxury
- Most jobs require digital knowledge - tech dependent

DIGITAL EVOLUTION

Computer literacy

Digital literacy
