Smart Contract Platform*

BLOCK M.D.
Electronic Health Records on Blockchain

Speaker Bio:

Sathapon Patanakua is serial entrepremeur, MD and Founder of SmartContract (Thailand) Co, Ltd., and BLOCK M.D. He is now also serving as a Board member of Thai FinTech Association.

Graduated in Computer Engineering and experienced in enterprise and start-up environments, Sathapon is the enthusiastic technology leader with a decade-long track record of delivering disruptive solutions with commercial success.

As an early participant in the Blockchain and Smart Contract ecosystems, and an active advocate for diversity in tech, Sathapon is
working closely with industry players in financial and healthcare services, regulators as well as policy makers, to help raising mainstream awareness, advancing ideas that foster growth and innovation.
