About ITU

2

The **United Nations Specialized Agency** for Information and Communication Technologies (ICTs)

2015 will mark **150 years of experience** and innovation

Governments, industry and academia working together at ITU to:

- ✓ Build capacity and knowledge
- ✓ Research, statistics and analysis
- ✓ Set fair market rules and international standards for ICT markets
- ✓ Coordinate global ICT resources (satellite and spectrum management)

Agenda

4

- PP-14 and WTDC-14: Main Results
- Innovation
- Partnership
- Membership

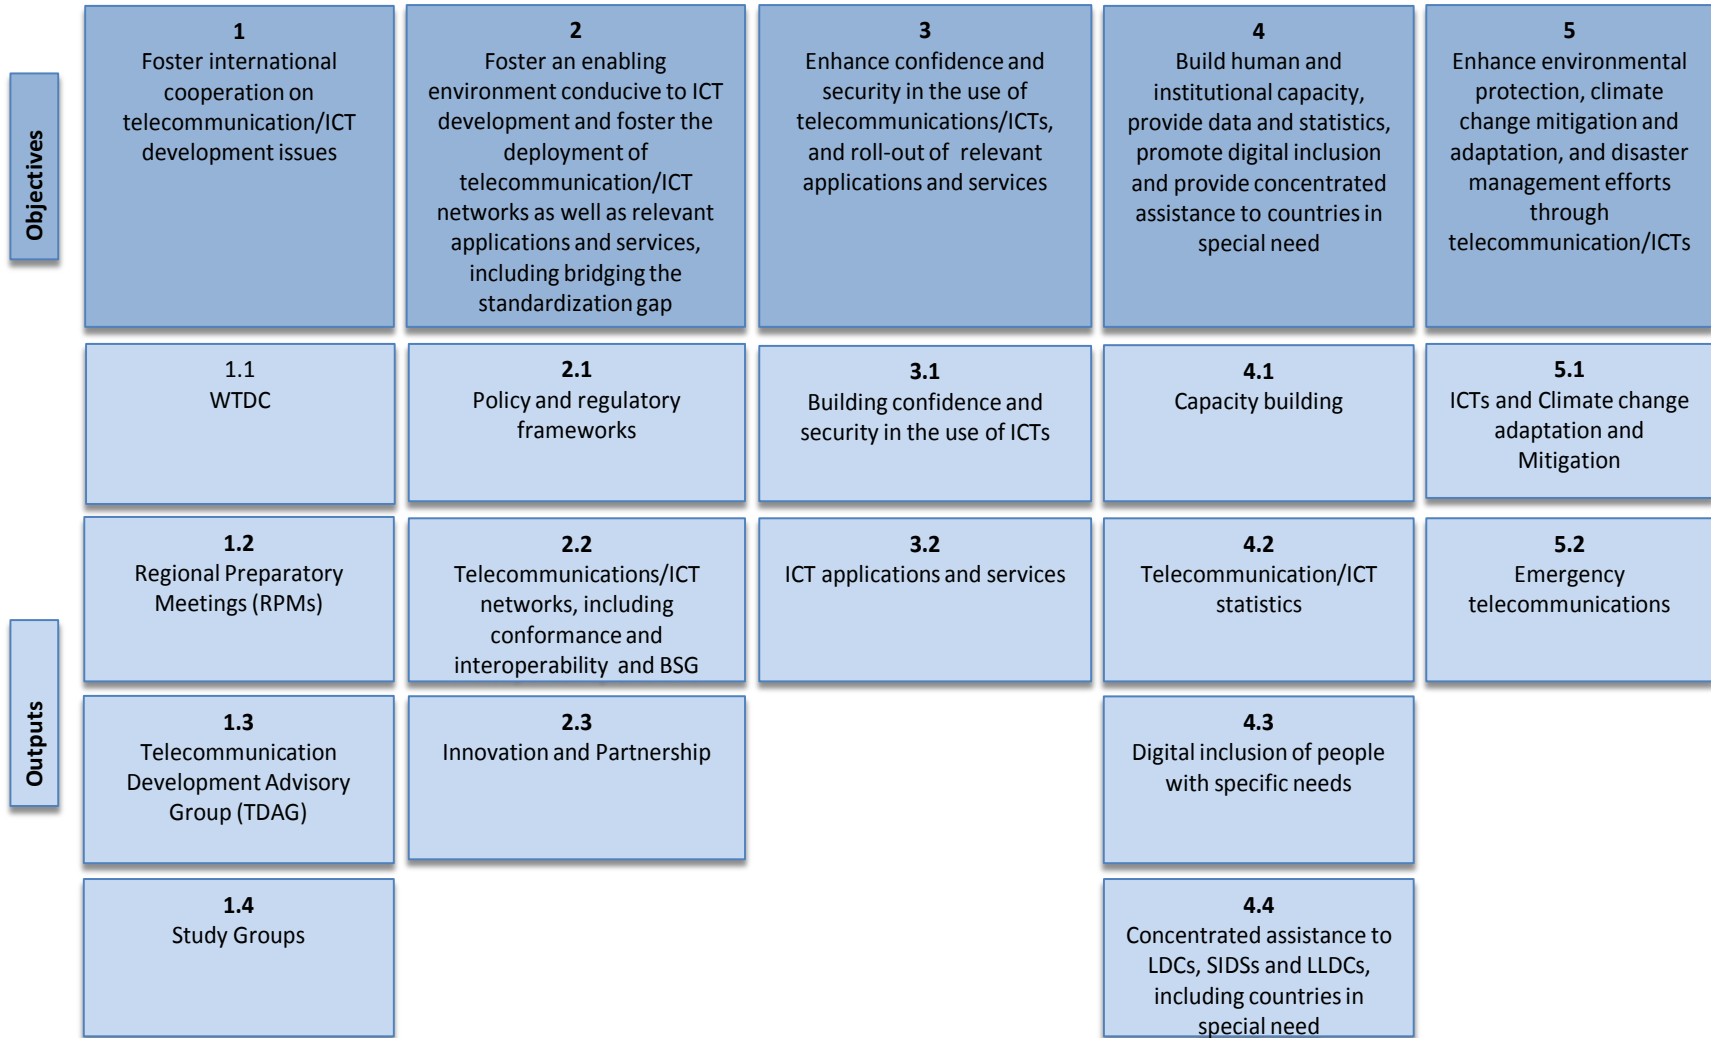

INNOVATIONS

PP-14 Goals

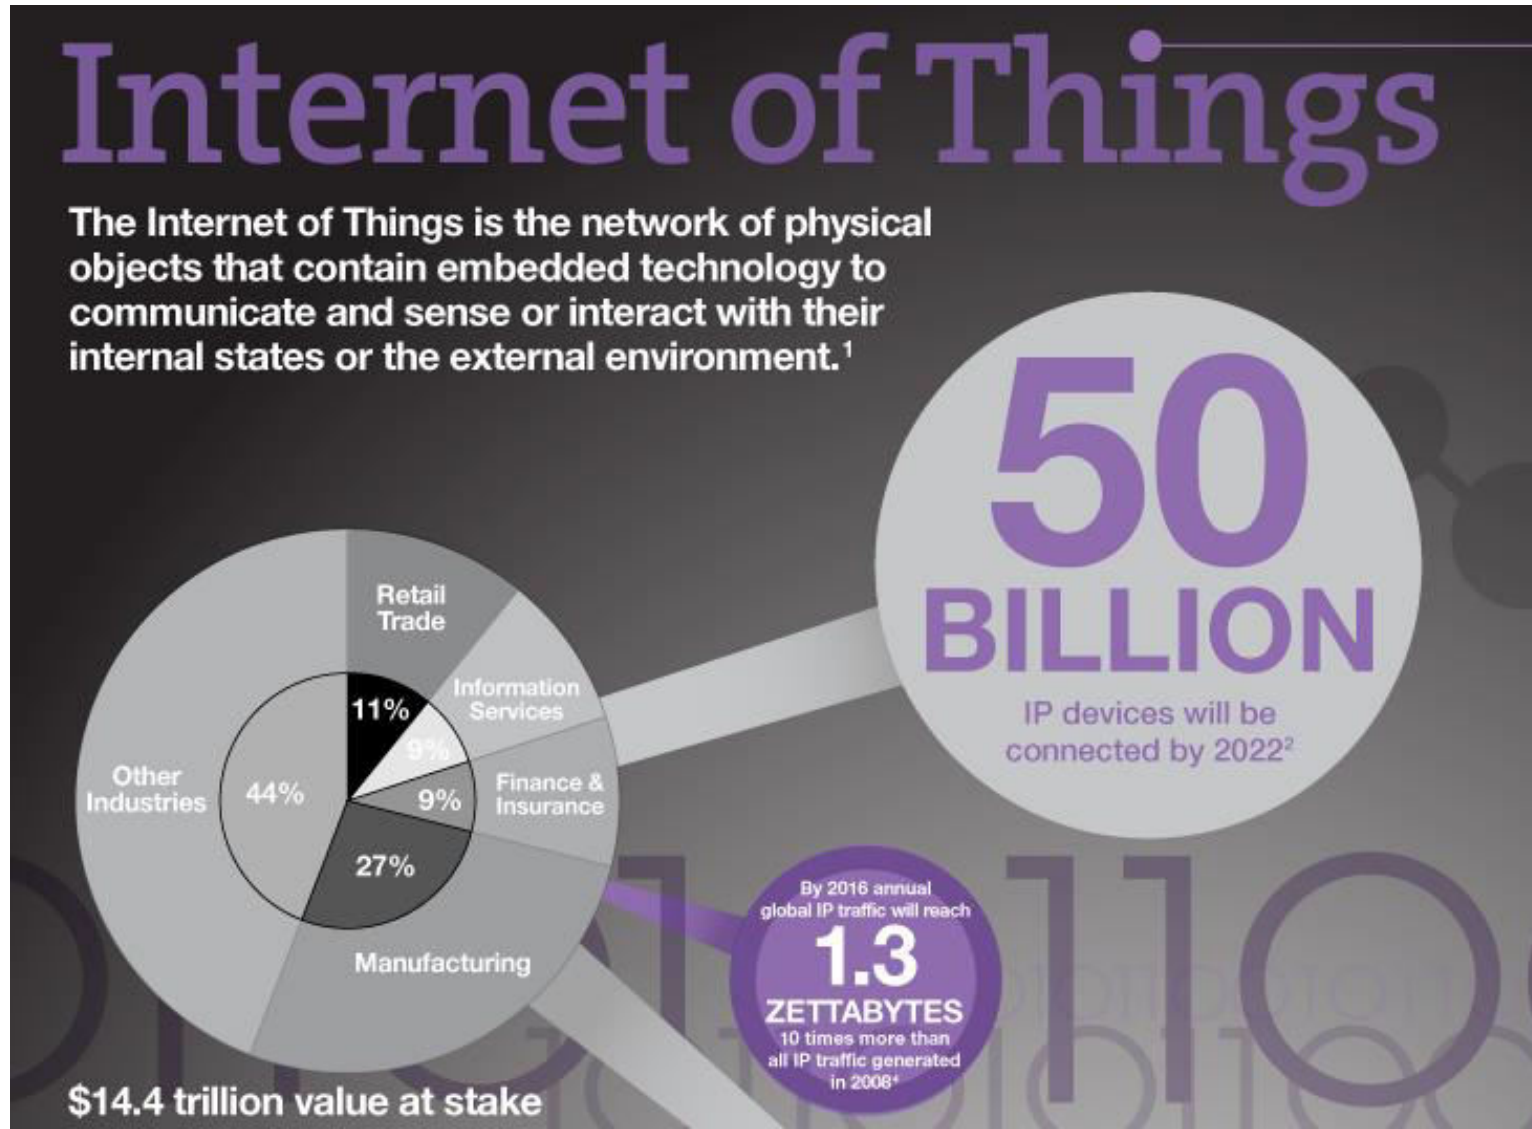

WTDC-14 Goals

Lead, improve and adapt to the changing telecommunication/ICT environment

7

Opportunities ahead

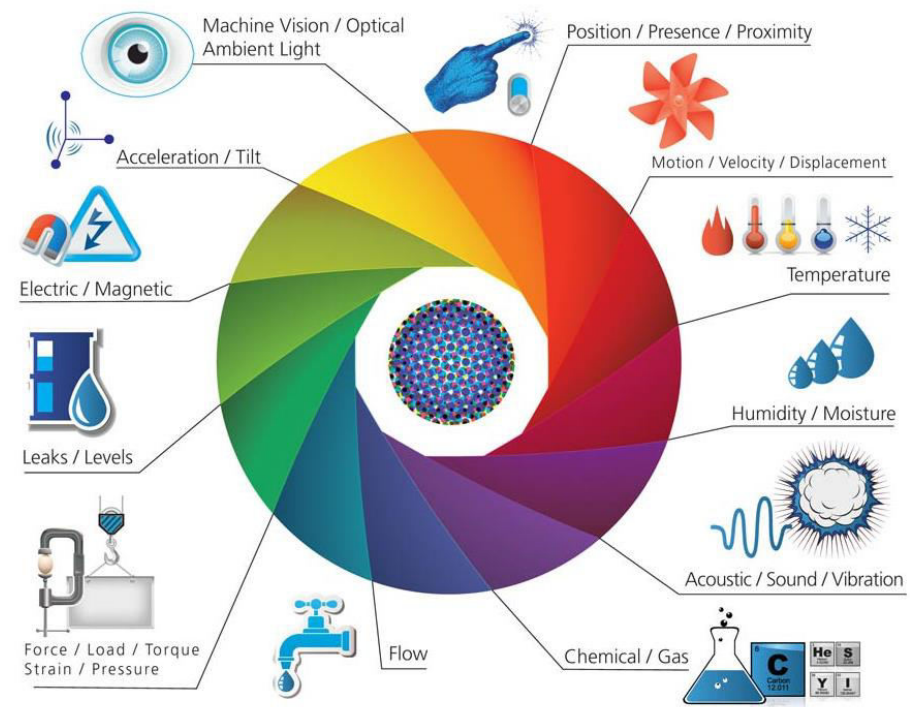

will transform the factory over the next 10 years⁸

1 SENSORS & ACTUATORS **2 CONNECTIVITY** **3 PEOPLE & PROCESSES**

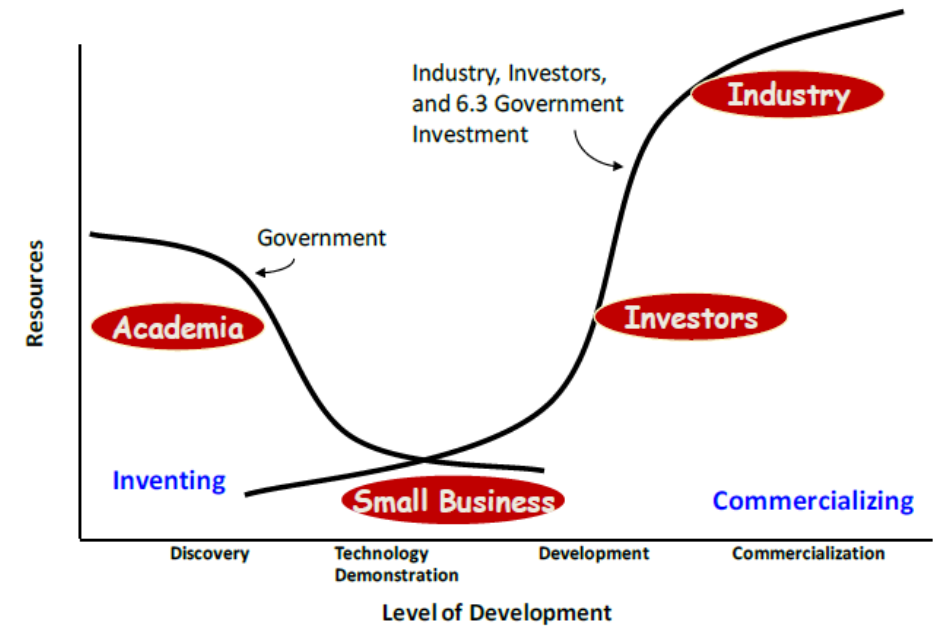

1 SENSORS & ACTUATORS

We are giving our world a digital nervous system. Location data using GPS sensors. Eyes and ears using cameras and microphones, along with sensory organs that can measure everything from temperature to pressure changes.

The visible hand of the market

9

*NSF: what is an innovation ecosystem

- ❑ A visible hand: Innovation process, policy?
- ❑ An Invisible hand: linkages and relationship in ecosystem

Tremendous innovation was unleashed with the help of the visible hand of the market

10

*NSF: what is an innovation ecosystem

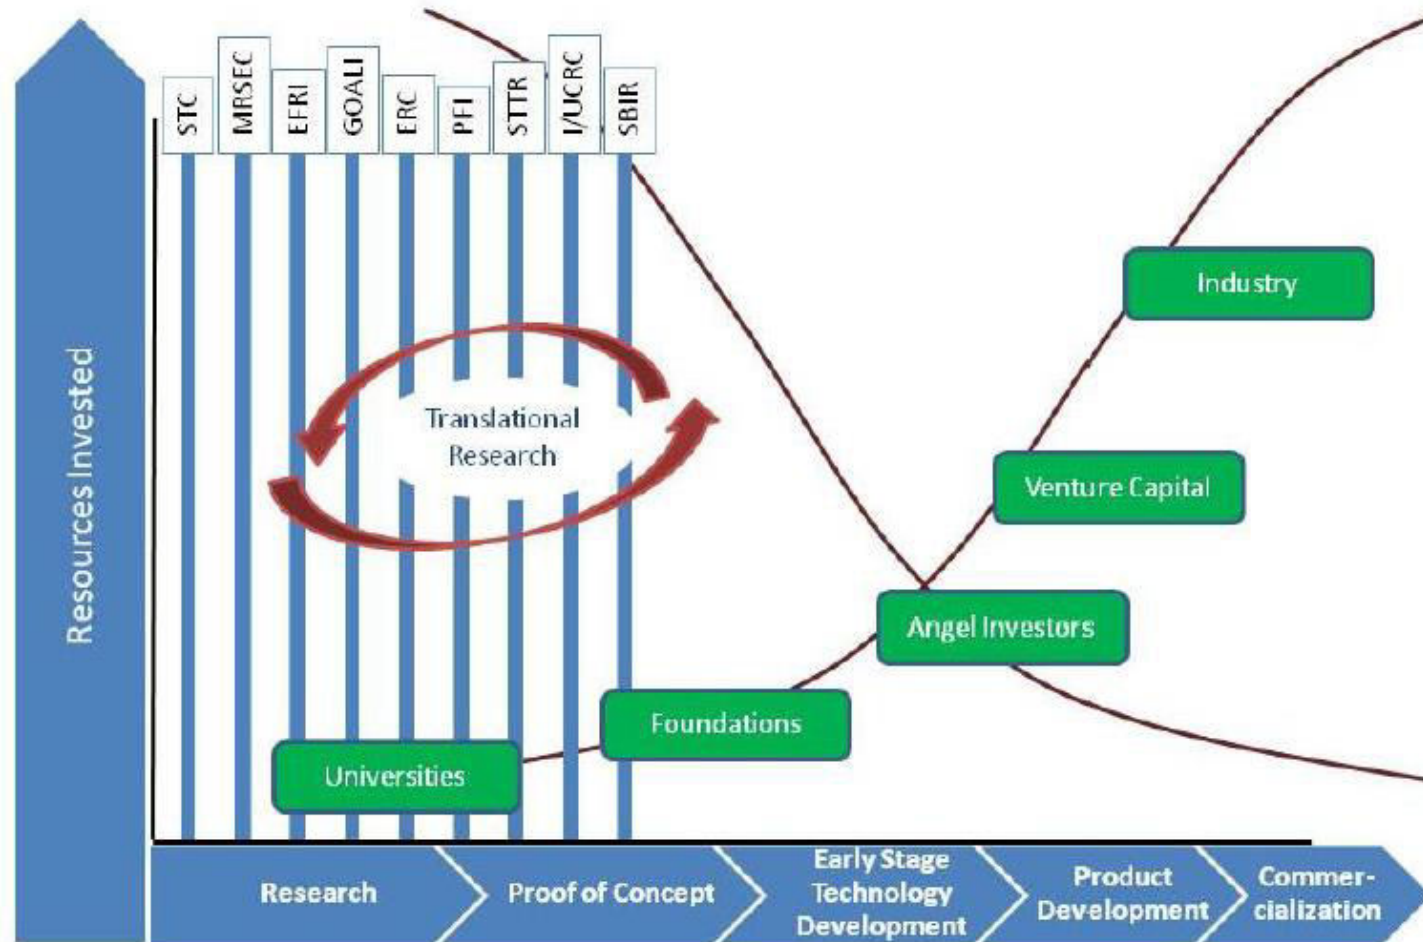

Figure 3: NSF programs supporting translational research represented along the linear innovation continuum

Determinants of Innovation capacity

- #1 the common pool of institutions, resource commitments, and policies that support innovation across the economy;
- #2 the particular innovation environment in the nation's industrial clusters;
- #3 and the linkages between them
- **In a global marketplace**

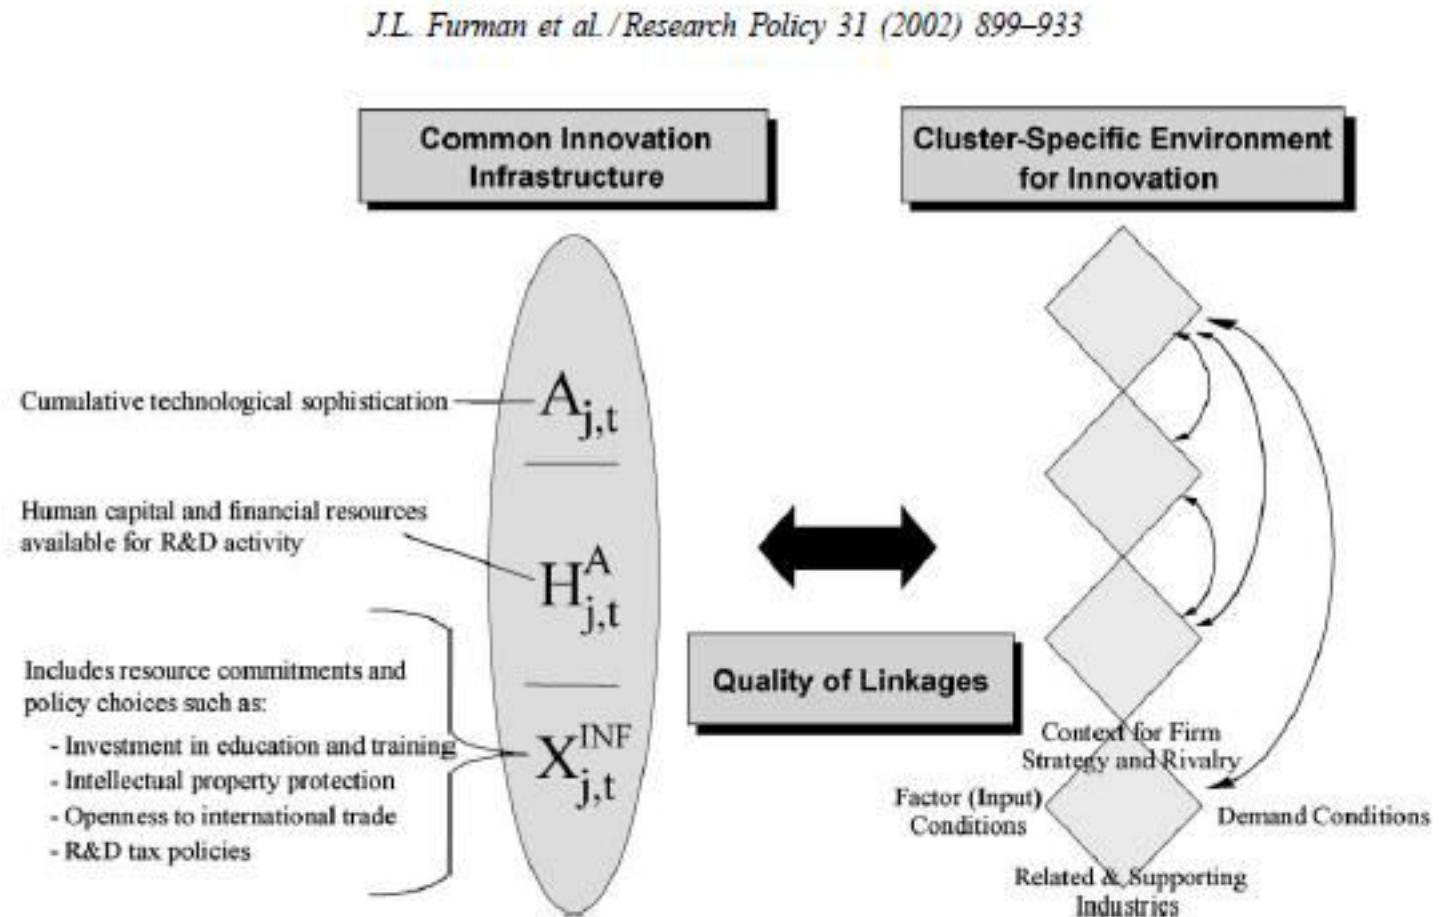

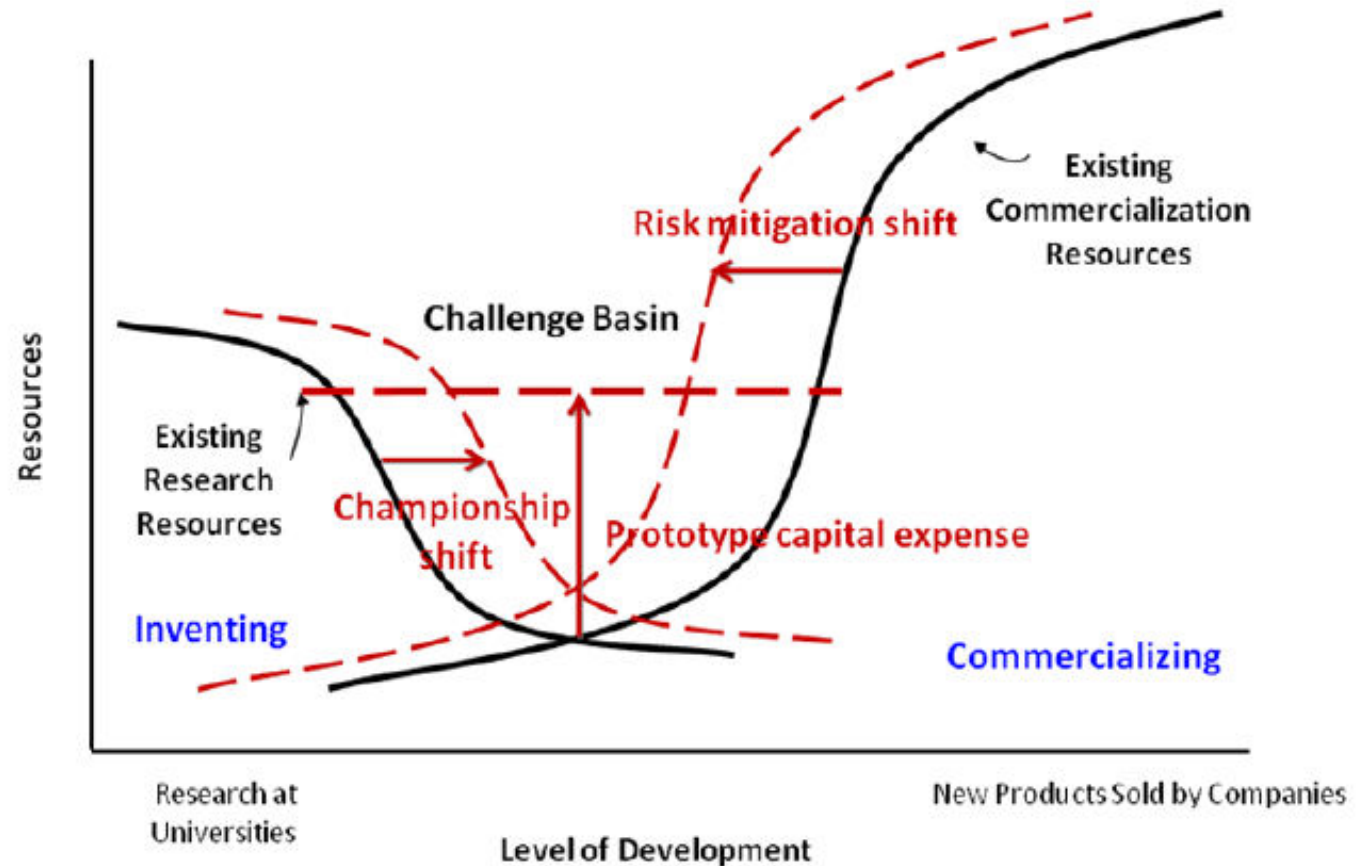

Fig. 3. National innovative capacity framework.

- Invisible, **non linear process**, intangible network value
- What policies are best practices from Member States
- What new role can we promote with academia?
- What new partnership can we promote with private sector?

*NSF: what is an innovation ecosystem

ITU-D's Innovation for Membership

13

Innovation as ITU wide goal

Innovation and Partnership as output of ITU-D

Focus is on fostering Innovation process

Focus is on growing an organic and sustainable ICT
Innovation Ecosystem

Innovation as ITU-D's output: Next Step

14

Policy & Governance toolkit

- Policy roadmap
- National implementation
- Capacity building

Ecosystem toolkit

- Incubators
- SME, ICT firms, ICT Entrepreneurs
- Specific groups (youth, gender, diaspora)
- Initiatives

ICT Innovation Platform

- National, regional and global context relevant events
- Facilitate linkages, spill-over, global marketplace opportunities
- Capacity building, Networking, New Partnership

Innovation as ITU-D's output: Next Step

15

- ICT Innovation Policy focus is complementary to other policies such as broadband for example
- We are exploring needs and resources to deliver on above
 - ▣ Need experts from Member States; Sector and Associate members; and Academia to help with the toolkits
 - ▣ Need to identify the resources and requirements from CIS
- Need to Identify CIS Regional Initiatives alignment to Innovation
 - ▣ Any innovation policy insertion in other policy work?
 - ▣ ?

Innovating BDT's products and services

16

“Build a culture of Innovation with Bureau”

Study Groups

- Continue to improve with innovation challenges
- Continue world café
- Roadmap for transformation

Membership

- Attract and retain new members
- New products and services

Private sector issues

- Increase value with a platform for public private partnership

Partnership

ITU-D: Partnership

18

- Partnership as one of ITU-wide Goals
- New Global Partnership as part of the post-2015 development agenda
- ITU-D as a platform for multi-stakeholder partnerships
- ITU-D as a facilitator for Public and Private Partnership (PPP)
- ITU-D as executing agency for projects and initiatives
- ICT Development Fund (ICT-DF) as seeds for resource mobilization

<http://www.itu.int/en/ITU-D/Partners>

Partnership Benefits

- Maximize use of ITU & its network
- Enjoy branding and visibility opportunities
- Implement Corporate Social Responsibility
- Access existing/emerging markets with innovative and sustainable business models and applications/services
- Develop and implement telecommunication/ICT projects together (<http://www.itu.int/en/ITU-D/Projects>)
- Implement outcomes of Connect the World series: e.g., initiatives and projects (<http://www.itu.int/en/ITU-D/Conferences/connect>)

Opportunities for Partnership

20

- ✓ **Share experiences** with other members in terms of contributions and case studies for study Questions at ITU-D Study Groups
- ✓ **Collaborate with ITU-D on projects/initiative** in area of common interest (e.g. training for students, working professionals and developing countries in the area of IT and soft-skill, teaching young kids/students about computer programming)
- ✓ **Participate in meetings reserved** for ITU-D Sector Members
- ✓ **Benefit from visibility opportunities in/from various ITU activities**

Membership

By joining ITU, you have the opportunity to **INFLUENCE** the decisions that **IMPACT** your business

ITU Impacts Your Business

23

- ✓ Networking platform
- ✓ Visibility
- ✓ Brand exposure
- ✓ Break into new markets
- ✓ Set the global agenda
- ✓ Strengthen your knowledge

Membership Benefits

- ✓ Network with ICT regulators, policy-makers and experts from industry and academia
- ✓ Contribute to international standards and best practices
- ✓ Advise governments on ICT strategies and technologies
- ✓ Participate / Lead Study Groups on emerging issues in the ICT field
- ✓ Get visibility on the international scene
- ✓ Participate in global and regional conferences and debates
- ✓ Launch innovative public-private partnerships
- ✓ Get access to world-leading ICT statistics, studies and restricted information

Participate in Events - Meet New People

ITU provides a neutral platform, giving you many opportunities to network with industry leaders, decision makers, and government officials

ITU events and workshops cover a variety of topics such as:

- Policy and Regulatory Reform
- Big Data
- Smart/Sustainable Cities
- Cybersecurity
- E-waste
- Connected car
- Spectrum Management
- Rural Connectivity
- Climate Change
- Economics of Roaming
- Disaster Relief
- Digital Financial Inclusion

What Our Members Say...

26

*“Being part of the ITU-T brings great value for us as a Telecom Operator; as there is fast change in this market and we should always try to adapt with **latest technologies** and protocols”.*

- Rashid Al Ahmedi, Director - External Affairs, Corporate Affairs

*“ITU has been providing a platform that facilitating the development and growth of broadcasting and adoption of **new technologies** all over the world”.*

- Mr Javad Mottaghi, Editor-in-Chief

*“Our organization has greatly benefitted from unique **networking opportunities** with Governments, companies, NGOs and academia”*

- Hideo Imanaka, General Manager of Standardization Strategy,
