

GOVERNMENT OF MONTENEGRO
MINISTRY OF PUBLIC ADMINISTRATION

IPv6 TRANSITION

BOJANA BAJIĆ

MINISTRY OF PUBLIC ADMINISTRATION

IPv6 TRANSITION

- The Government of Montenegro adopted the Information Society Development Strategy 2020, which included the development of electronic networks
- The Development Strategy identified the problem of the lack of Internet addresses and included the overcoming of this problem in the strategic priorities for 2017

IPv6 TRANSITION

- The Government of Montenegro adopted the Information Society Development Strategy 2020, which included the development of electronic networks
- The Development Strategy identified the problem of the lack of Internet addresses and included the overcoming of this problem in the strategic priorities for 2017

IPv6 TRANSITION

By 2020, the Government envisaged the preparation of the migration plan for the IPv6 protocol in line with the standards, decisions and recommendations of the relevant European and international bodies.

Action Plan for the Implementation of the Strategy for the Development of the Information Society 2020 envisaged two activities:

- making an analysis of the need for migration to the IPv6 protocol
- creating a migration plan for the IPv6 protocol
