ITU ACADEMY

Concept presentation by

Mr Mike Nxele Human Capacity Building Officer HCB/PKM/BDT mike.nxele@itu.int

- Brief Background on ITU
- ITU-D Sector
- ITU-D: Global Développent Objectives (2015-2018)
- ITU TELECOM Events
- Development initiatives
- ITU Academy

ITU IN BRIEF

- Leading United Nations Agency for ICTs.
- 193 Member States, 750+ Sector Members
- Three sectors:
 - Radiocommunication
 - Standardization
 - Development
- ITU TELECOM Events

ITU'S GLOBAL PRESENCE

ITU Headquarters is in Geneva, Switzerland There are 5 regional offices and 8 area offices around the world

ITU-D: THE VISION

To be the leading organization for promoting the availability and application of telecommunications/ICTs for socio-economic development

ITU-D: THE MISSION

- A catalyst for multi-stakeholder partnerships, resource mobilization
- A neutral broker between government and industry
- An executing agency for project implementation and expert assistance to countries

ITU-D: Global Development Objectives (2015- 2018)							
Objective #1	Foster international cooperation on telecommunication/ICT development issues						
Objective #2	Foster an enabling environment conducive to ICT development and foster the deployment of telecommunication/ICT networks as well as relevant applications and services, including bridging the standardization gap						
Objective #3	Enhance confidence and security in the use of telecommunications/ICTs, and roll-out of relevant applications and services						
Objective #4	Build human and institutional capacity, provide data and statistics, promote digital inclusion and provide concentrated assistance to countries in special need						
Objective #5	Enhance environmental protection, climate-change adaptation and mitigation, and disaster-management efforts through telecommunications/ICTs						
	7						

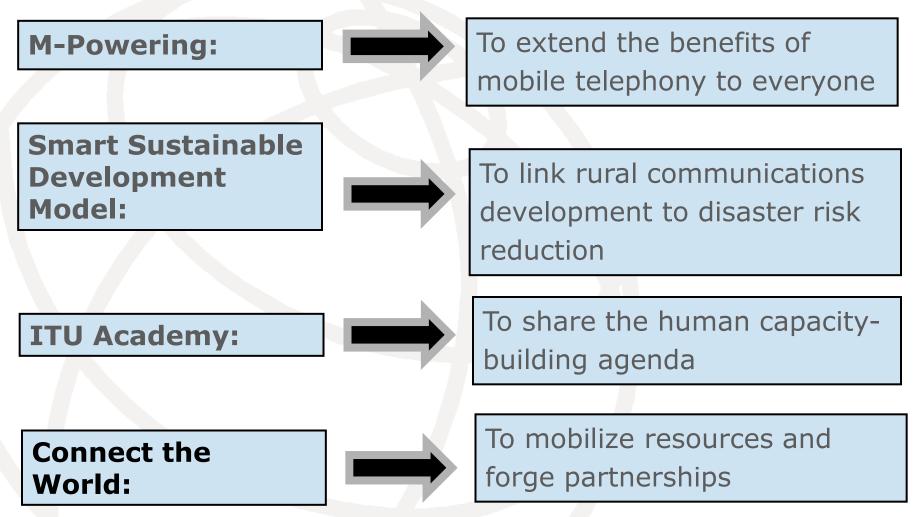

OBJECTIVE 4 CAPACITY BUILDING

Main Activities within the Capacity Building are the following:

- 1. Development of high training materials under the ITU Academy
- 2. Delivery of training through various challenges such as the Centre of Excellences, partner institutions, and Internet Training centres.
- 3. Knowledge sharing and knowledge exchange through organisation of regional and global capacity building events and fora.
- 4. Research into sector trends and priorities thorough regular surveys and data collection
- 5. Publications on developments within the ICT sector and their implication on capacity building.

DEVELOPMENT INITIATIVES

ITU ACADEMY

An overview of the ITU Academy and its role in developing and delivering the strategy for ICT human capacity-building

Ut Academy: Official Launch

Global ICT Forum on Human Capacity Development October 2012, Cape Town, South Africa

THE VISION

The ITU Academy aims to become the leading supplier and the repository of reference for all training and professional development programmes relating to the ICT sector

Provide single visibility on all ITU-D capacity building activities

THE CONCEPT

- The ITU Academy has been established as the lead agent for all ITU human capacity-building activities
- ITU Academy responds to demands for knowledge and skills in ICT training, teaching and research.
- ITU Academy offers a wide and growing range of general and specialized courses on all aspects of telecommunications.

TARGET AUDIENCE

Principally, the programmes serve a varied audience:

- Policy-makers
- Telecommunications/ICT business manage practitioners
- Government officials from Ministries of ICT and regulatory authorities
- Diplomats and representatives
- Students and teachers of telecommunications/ICT
- Civil Society

PORTAL FUNCTIONALITIES

- The cornerstone of the ITU Academy portal is the delivery of capacitybuilding related training and educational opportunities.
- In order to adequately deliver these training interventions, the portal utilizes:
 - Learning Management System (LMS Moodle), and
 - Content Management System (CMS Joomla).

MOODLE and JOOMLA together

The LMS Moodle and CMS Joomla work together to facilitate an enhanced learning environment which allows for:

- **Distance Learning** (i.e., eLearning) modules,
- knowledge transfer regarding face-to-face training offerings (through the provision of presentations from workshops, summary reports of proceedings, etc.),
- multiple language postings, social networking and collaboration tools.

MULTIPLE DELIVERY CHANNELS

Self-paced learning High-quality on-line content Learning discussion forums or groups Trainer-led lectures or reading materials Online attainment testing (e.g., quizzes) Web-based reading materials (e.g., in .pdf)

ITU CENTRES OF EXCELLENCE AND ITU ACADEMY

A network of over 60 training Centres of Excellence operating across 8 global regions.

They provide advanced-level technical and managerial programmes.

The benefits of ITU training delivery through Centres of Excellence include:

- Tutor-led courses via the ITU Academy;
- Access to ITU Academy training materials;
- ITU Academy as a medium for capacity-building of managers and engineers, but also other with interdisciplinary interests in telecommunications/ICT

Enhancing the capabilities of the ITU Academy

- Upgrading the main applications used on the ITU Academy (Joomla, Moodle, Joomdle)
- Implementation of the new features, new functionalities and introduction of semi-automated quality assurance processes
- The database migration from the old platform to the new one

- Aggregating & tagging resources, uploading content, courseware, training & events
- Strengthening partnerships with policy makers, regulators, industry and academia to develop high quality learning/training resources
- Multi-media high quality e-learning content

CONCLUSION

- The ITU Academy is more than just about training
- It is a platform for sharing all capacity building activities within the Union
- It is about creating partnerships for capacity building
- It is about creating seamless opportunities for learning
- It is about preparing people for a knowledge society.

What is the ITU Academy?

What looks small...

... can be big and powerful

12.3

THANK YOU!
