

ICT Household Access and Individual Use

List of tables prepared for the ITU World Telecommunication/ICT Indicators database, December 2023 release

Computer access and use

01. Households with a computer by urban-rural location and household composition
02. Households with a computer by household composition and urban-rural location
03. Individuals using a computer by gender and urban-rural location
04. Individuals using a computer by age and gender
05. Individuals using a computer by level of education
06. Individuals using a computer by labour force status
07. Individuals using a computer by occupation

Internet access and use

08. Households with Internet by urban-rural location and household composition
09. Households with Internet by household composition and urban-rural location
10. Individuals using the Internet by gender and urban-rural location
11. Individuals using the Internet by age and gender
12. Individuals using the Internet by level of education
13. Individuals using the Internet by labour force status
14. Individuals using the Internet by occupation
15. Individuals using the Internet by location of use
16. Individuals using the Internet by location of use less than 15 years old
17. Individuals using the Internet by location of use 15-24 years old
18. Individuals using the Internet by location of use 25-74 years old
19. Individuals using the Internet by location of use more than 74 years old
20. Individuals using the Internet by type of activity (part I)
21. Individuals using the Internet by type of activity (part II)
22. Individuals using the Internet by frequency of use and by gender
23. Individuals using the Internet by type of portable device
24. Individuals using the Internet by type of portable device used mobile network
25. Individuals using the Internet by type of portable device used via wireless network
26. Households without Internet access by type of reason
27. Individual not using the Internet by type of reasons

Telephone access and use

28. Households with a telephone by urban-rural location and household composition
29. Households with a fixed telephone by urban-rural location and household composition
30. Households with a mobile telephone by urban-rural location and household composition
31. Individuals using a mobile cellular telephone by gender and urban-rural location
32. Individuals using a mobile cellular telephone by age and gender
33. Individuals using a mobile cellular telephone by level of education
34. Individuals using a mobile cellular telephone by labour force status
35. Individuals using a mobile cellular telephone by occupation
36. Individuals owning a mobile cellular telephone by gender and urban rural location
37. Individuals owning a mobile cellular telephone by age and gender
38. Individuals owning a mobile cellular telephone by education

Other household ICT indicators

39. Households with a radio by urban-rural location and household composition
40. Households with a TV by urban-rural location and household composition
41. Households with a multichannel TV by urban-rural and household composition
42. Household expenditure on ICT
43. Household expenditure on ICT by urban rural and composition
44. Individuals with ICT skills by type of skills by gender
45. Individuals with ICT skills by type of skills by gender less15
46. Individuals with ICT skills by type of skills by gender 15-24 years
47. Individuals with ICT skills by type of skills by gender 25-74 years
48. Individuals with ICT skills by type of skills by gender 75 years and above
49. Individuals using a smart phone by gender and urban-rural location
50. Individuals who purchased goods or services – Books magazines or newspapers by gender and urban-rural location
51. Individuals who purchased goods or services, by type of goods
52. Individuals who purchased goods or services online in the last three months, by type of payment channel
53. Individuals who purchased goods or services online in the last three months, by method of delivery
54. Individuals who did not purchase goods or services online in the last three months, by reason

* For interpretation purposes of the statistics on ICT individual usage, please consult the in-scope population considered in the surveys.

IN-SCOPE POPULATION FOR ICT USAGE INDICATORS

Country	In-scope population
Albania	Population age 16-74
Algeria	Population age 15+
Andorra	Population age 16-74
Angola	Population age 15+
Argentina	Population age 4+
Armenia	Population age 6+; 1+ (2019)
Australia	Population age 15+
Austria	Population age 16-74
Azerbaijan	Population age 7+
Bahamas	Population age 3+
Bahrain	Population age 15+
Bangladesh	Population age 5+
Belarus	Population age 6-72
Belgium	Population age 16-74
Belize	Population age 5+
Benin	Population age 6+
Bermuda	Population age 16+
Bolivia	Population age 5+
Bosnia-Herzegovina	Population age 16-74
Brazil	Population age 10+
British Virgin Islands	Unknown
Brunei Darussalam	Population age 15+
Bulgaria	Population age 16-74
Burundi	Population age 5+
Cambodia	All population
Cameroon	Population age 15+ (2014); 10+ (2017)

Country	In-scope population
Canada	Population age 16+
Cabo Verde	Population age 10+
Chile	Population age 16+
China	All ages (who have phone)
Colombia	Population age 5+
Costa Rica	Population age 5+
Côte d'Ivoire	Population age 5+
Croatia	Population age 16-74
Cuba	Population age 6+
Curacao	Population age 6+
Cyprus	Population age 16-74
Czech Republic	Population age 16+
Denmark	Population age 16-74; 15-89 (2017 onwards)
Djibouti	Unknown
Dominican Republic	Population age 5+
Ecuador	Population age 5+
Egypt	Population age 15-74
El Salvador	Population age 10+
Estonia	Population age 16-74
Ethiopia	Unknown
Finland	Population age 16-89
France	Population age 14+
Georgia	Population age 15+
Germany	Population age 10+
Ghana	Population age 12+
Greece	Population age 16-74
Guatemala	Population age 13-29

Country	In-scope population
Haiti	Unknown
Honduras	Population age 5+
Hong Kong, China	Population age 10+
Hungary	Population age 16-74
Iceland	Population age 16-74
India	Population age 5+
Indonesia	Population age 5+
Iran	Population age 6+
Iraq	Population age 5-65
Ireland	Population age 16-74
Israel	Population age 20+
Italy	Population age 6+
Jamaica	All population
Japan	Population age 6+
Jordan	Population age 5+
Kazakhstan	Population age 6+
Kenya	Population age 3+
Korea (Rep.)	Population age 16-74
Kosovo	Population age 16-74
Kuwait	Population age 5-75 (2018); 5-74 (2019)
Latvia	Population age 16-74
Lesotho	Population age 15+
Lithuania	Population age 16-74
Luxembourg	Population age 16-74
Macao, China	Population age 3+
Malawi	Population age 5+
Malaysia	Population age 15+

Country	In-scope population
Maldives	Population age 15+
Malta	Population age 16-74
Mauritius	Population age 5+
Mexico	Population age 6+
Moldova	Population age 18+
Mongolia	All population (until 2017); 15+ (2018, 2019)
Montenegro	Population age 16-74
Morocco	Population age 5+
Mozambique	Population age 3+
Myanmar	Population age 15+
Netherlands	Population age 12+
New Zealand	Population age 15+
Niger	Population age 15+
Nigeria	Unknown
North Macedonia	Population age 16-74
Norway	Population age 16-79
Oman	Population age 5+; 18+ (2020 onwards)
Pakistan	Population age 10+
Palestine	Population age 10+
Panama	Population age 10+
Paraguay	Population age 10+
Peru	Population age 14+
Philippines	Population age 10-74
Poland	Population age 16-74
Portugal	Population age 16-74
Puerto Rico	Population age 1+
Qatar	Population age 15+

Country	In-scope population
Romania	Population age 16-74
Russian Federation	Population age 15-74
Rwanda	Population age 10+
Saudi Arabia	Population age 12-65 (until 2016); 10-74 (2017 onwards)
Serbia	Population age 16-74
Singapore	Population age 7+
Slovakia	Population age 16-74
Slovenia	Population age 16-74
South Africa	Population age 10+
Spain	Population age 16-74
Sri Lanka	Population age 5-69
Sudan	Population age 5+
Sweden	Population age 16-85, 16-85 (2020)
Switzerland	Population age 14+ (2016); 15-88 (2017 onwards)
Taiwan, Province of China	Population age 12+ (2016); 16+ (2017 onwards)
Thailand	Population age 6+
Togo	Population age 15+
Tunisia	Population age 10+
Turkey	Population age 16-74
Ukraine	All population
United Arab Emirates	Population age 15-74
United Kingdom	Population age 16+
United States	Population age 3+
Uruguay	Population age 6+
Uzbekistan	Population age 10+
Venezuela	Population age 7+

Country	In-scope population
Viet Nam	Unknown
Zambia	Population age 10+
Zimbabwe	Population age 3+
