H.E. Mr. Habib BEN YAHIA

Secretary General of Arab Maghreb Union (AMU)
Rabat-Morocco

Subject: Conformance and Interoperability Assessment Study for Maghreb Region

Excellence,

Reference to our letter No. 017461 dated 4 February 2014, regarding the intention of the BDT to conduct a Conformity and Interoperability (C&I) Assessment Studies on Regional and Sub-regional Basis: Collaboration among Regional and Sub-regional Organizations for establishing a common C&I Regime and Mutual Recognition Agreements (MRAs).

This project aims at identifying the necessary elements and promotes the Collaboration among Regional and Sub-regional Organizations for establishing a common C&I Regime and Mutual Recognition Agreements, seeking to present possible scenarios to meet the needs and interests of Member States and Regions.

I have the pleasure to recall that in Maghreb Region, BDT is going to conduct an Assessment study on C&I for the actual situation (in terms of Laboratories, Regulatory regimes, MRAs in force and so on) in the Maghreb Region as specified in the attached Terms of Reference. In close coordination with the ITU-BDT Counterpart, an ITU recruited expert, Mr. Karim LOUKIL (karim.wakil@cert.mincom.tn), is conducting the Study. Therefore, I would appreciate your kind action to facilitate a meeting with the ICT division in the Maghreb Union and Mr. LOUKIL during the process of the study to enable successful completion and achievement of best results of his mission.

Based on the result of the study, a common and integrated approach for establishing appropriate C&I regimes in Maghreb countries will be proposed, e.g. building additional labs for C&I Domains (mobile, EMC, NGN, broadband, etc.) and/or encouraging the establishment of Mutual Recognition Agreements - MRAs between countries in the Maghreb Region.

The results and proposals will be submitted for consideration to Maghreb Countries and also presented during a Workshop scheduled to be held for those countries in the second half of 2014.

Yours sincerely,

Ebrahim AL HADDAD

Regional Director,
ITU Arab Regional Office

H. E. Dr. Zohra DERDOURI

Minister of Post, Information Technologies & Communication
Algiers-Algeria

Subject: Conformance and Interoperability Assessment Study for Maghreb Region

Excellence,

Reference to our letter No. 017461 dated 4 February 2014, regarding the intention of the BDT to conduct a Conformity and Interoperability (C&I) Assessment Studies on Regional and Sub-regional Basis: Collaboration among Regional and Sub-regional Organizations for establishing a common C&I Regime and Mutual Recognition Agreements (MRAs).

This project aims at identifying the necessary elements and promotes the Collaboration among Regional and Sub-regional Organizations for establishing a common C&I Regime and Mutual Recognition Agreements, seeking to present possible scenarios to meet the needs and interests of Member States and Regions.

I have the pleasure to recall that in Maghreb Region, BDT is going to conduct an Assessment study on C&I for the actual situation (in terms of Laboratories, Regulatory regimes, MRAs in force and so on) in Algeria as specified in the attached Terms of Reference. In close coordination with the ITU-BDT Counterpart, an ITU recruited expert, Mr. Mokrane Akli (mokrane.akli@djaweb.dz), is conducting the Study. I invite your esteemed Administration to collaborate and provide support to Mr. Akli during the process of the study to enable successful completion and achievement of best results of assessing C&I in your Country. I would appreciate your kind action to appoint a focal point to coordinate with Mr. Akli for his mission to your Country.

Based on the result of the study, a common and integrated approach for establishing appropriate C&I regimes in Maghreb countries will be proposed, e.g. building additional labs for C&I Domains (mobile, EMC, NGN, broadband, etc.) and/or encouraging the establishment of Mutual Recognition Agreements - MRAs between countries in the Maghreb Region.
