

## BR IFIC 2884 – NEWS

### Update of obsolete antenna pattern\_id in the SRS database

For non-directional antenna pattern, there had been various pattern ids used in the past in the SRS database which are no longer in use. From this issue of SRS2884 onwards, all the patterns have been updated as follows:

Table e_as_stn	Replace pattern_id	By this pattern_id
grp.emi_rcp = E	41	607
	541	607
grp.emi_rcp = R	86	608
	607	608

Table s_beam	Replace pattern_id	By this pattern_id
s_beam.emi_rcp = E	274	609
	41	609
	285	609
	610	609
s_beam.emi_rcp = R	285	610
	609	610

Table e_ant	Replace pattern_id	By this pattern_id
e_ant.emi_rcp = E	41	608
	86	608
e_ant.emi_rcp = R	86	607

For more information on antenna patterns currently in use in the SRS database, kindly consult the Antenna Pattern Library website: <https://www.itu.int/en/ITU-R/software/Pages/ant-pattern.aspx>
