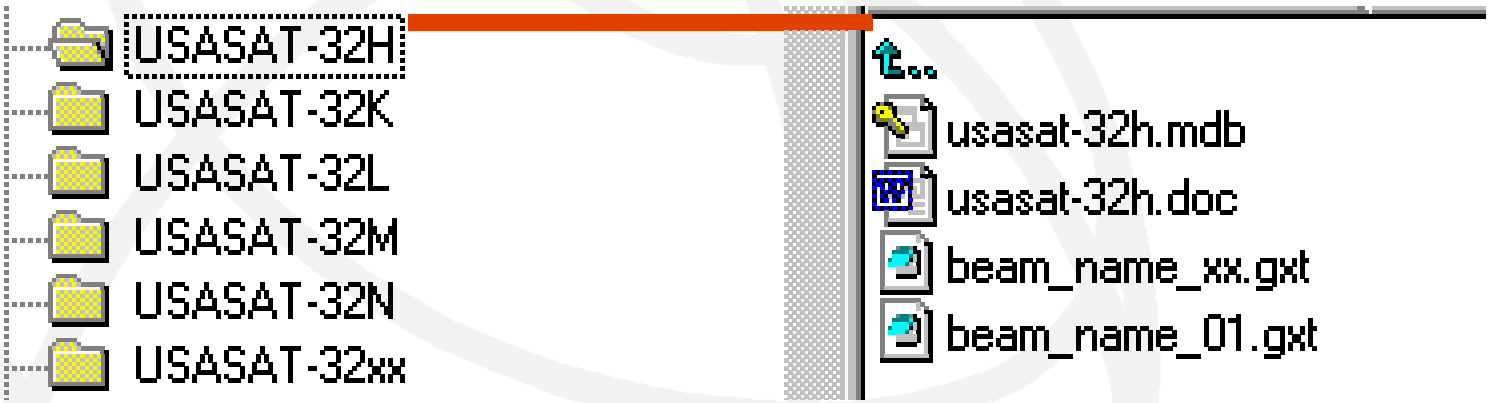
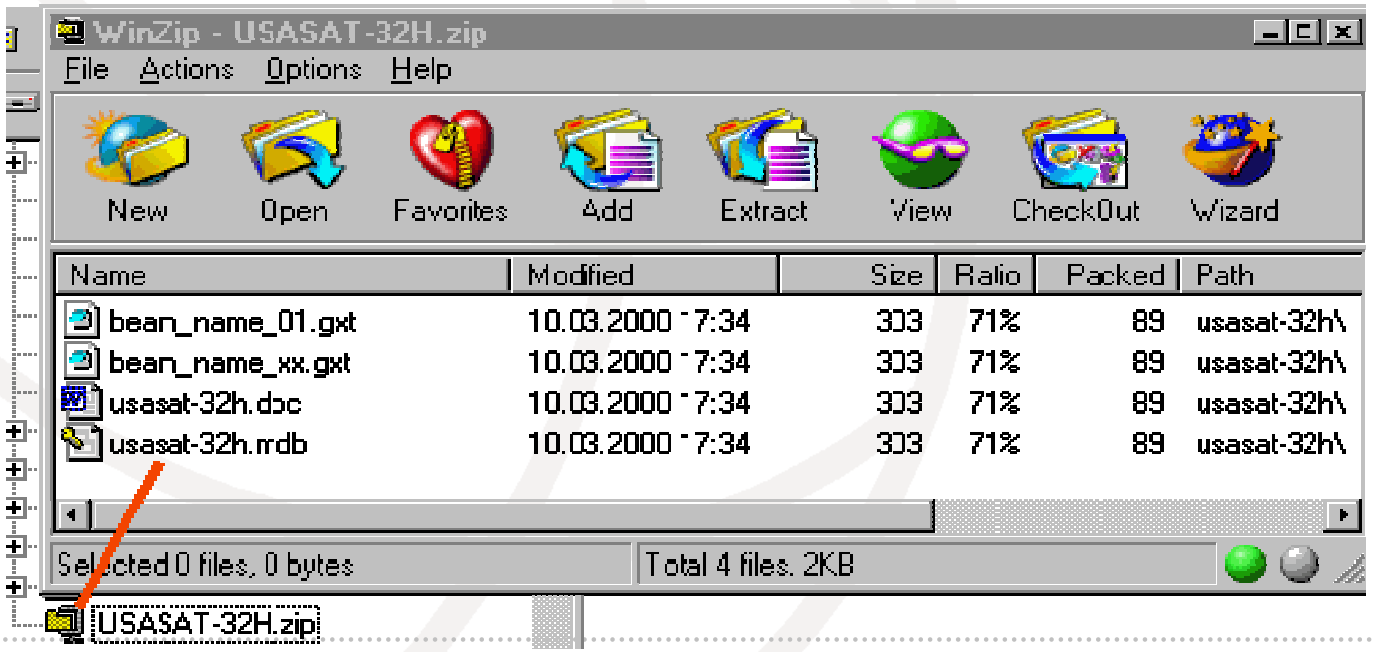
HOW AND WHERE TO SEND ? (1)

- Electronic data file (mdb) **not** .pdf, .rtf, .doc…
- Each network or station in a separate Directory
  - Network_Name/Station_Name.mdb file **(This file should contain only ONE network !!)**
  - Beam_Name.gxt files (diagrams in GIMS format)
  - one or several files of graphical data if not in GIMS format
  - one Network_Name/Station_Name.doc for comments
- ZIP files
  - each satellite network or earth station separately

HOW AND WHERE TO SEND ? (2)



HOW AND WHERE TO SEND ? (3)


- When zipped files are submitted, each satellite network or earth station should be zipped separately. **This is especially important when notices are submitted by e-mail, which should only be sent to the official BR e-mail address**: **brmail@itu.int**
