

## Lilian Jeanty, Radiocommunications Agency, the Netherlands

Lilian Jeanty has many years of experience in spectrum management with the Radiocommunications Agency Netherlands and the ECO in Copenhagen.

She has participated in a large number of international spectrum management groups within ITU, CEPT and the EU.

Lilian is participating in ITU-R SG1 and WP 1B since 2003 and is currently vice chairman of SG1. She was also acting chairman of WP1B at a number of meetings in the study period 2003-2007.

She has participated in the World Radiocommunication Conferences 2003, 2007 and 2012 and in the European preparations for these conferences within the CEPT. She has been CEPT coordinator for different agenda items at WRC-07 and WRC-12. During the WRC-07 and WRC-12 she also chaired various groups.

She participated in the Radiocommunication Assemblies 2003, 2007 and 2012 and was CEPT coordinator for the revision of ITU-R Resolution 54 during RA-12.

Currently she is the candidate of the Kingdom of the Netherlands for the Radio Regulations Board to be elected at the ITU Plenipotentiary Conference in Busan, Republic of Korea, later this year.
