[Concluded Focus Groups](#)

Distributed ledger technology (DLT) refers the processes and related technologies that enable nodes in a network to securely propose, validate and record state changes (or updates) to a synchronised ledger that is distributed across the network's nodes.

The ITU-T Focus Group on Application of Distributed Ledger Technology (FG DLT) was established in May 2017

- ▶ to identify and analyse DLT-based applications and services;
- ▶ to draw up best practices and guidance which support the implementation of those applications and services on a global scale; and
- ▶ to propose a way forward for related standardization work in ITU-T Study Groups.

FG DLT will develop a standardization roadmap for interoperable DLT-based services, taking into consideration the activities underway in ITU, other standards developing organizations, forums and groups.

Participation in FG DLT is **open to any interested party**—[join the mailing list](#) today for updates!

FG DLT MAILING LIST

Please subscribe to the FG DLT mailing list for news, updates and announcements:

1. [Sign up for a Guest account](#) (if you don't have a TIES account).
2. TIES or Guest account holders [log in here](#), and select the **fgdlt** mailing list. Then click on [Subscribe](#).
3. To view previous exchanges on this mailing list, visit the [list archive](#).

Click on the “log in here” link and identify yourself with your TIES username and password, or your Guest account username and password.

The screenshot shows the ITU login interface. At the top left is the ITU logo, a globe with a red lightning bolt, followed by the text "International Telecommunication Union". Below this is a "Security (show explanation)" section with two radio buttons: "This is a public or shared computer" (unselected) and "This is a private computer" (selected). A warning message states: "Warning: By selecting this option you acknowledge that the computer complies with your organization's security policy." Below the security section are input fields for "Username:" (containing "tsbewm") and "Password:" (masked with dots). A "Log On" button is positioned to the right of the password field. At the bottom, there is a copyright notice: "© International Telecommunication Union. All rights reserved."

Once logged in, go to **ITU-T** -> **Other Groups** -> **fgdlt** service under the Service Catalog tree, check the mailing list and then click on the Subscribe button.

The screenshot shows the ITU Electronic Registration and Subscription Service interface. The user is logged in as EWM TSBWEM. The service catalog filter is set to ITU. The service catalog tree on the left shows the path: ITU > ITU-T > Other Groups > fgdlt. A red arrow labeled '1' points to the 'fgdlt' service in the tree. A tooltip for 'fgdlt' is visible, showing 'Focus Group on Application of Distributed Ledger Technology'. The main content area shows the service details for 'fgdlt'. A red arrow labeled '2' points to the 'Mailing List' checkbox, which is checked. A red arrow labeled '3' points to the 'Subscribe / Request subscription' button. The service description is '[Focus Group on Application of Distributed Ledger Technology]'. The interface also shows statistics for 'Services Open for Subscription (1 out of 1)', 'Active Subscriptions (0)', and 'Pending Subscriptions (0)'. The breadcrumb trail is 'ITU > ITU-T > Other Groups > fgdlt [Owners: ITU-T Membership, Martin Adolph, Lara Al-Mnini, Email contact: tsbewm@itu.int]'. The service type is 'All services'.

Depending on your ITU membership, you will be automatically subscribed to the service or your request will be sent to the service owner for approval.

Shortly afterwards you will receive an e-mail confirmation to your default e-mail address.
