

Practical Information

The Q9 / WP2 interim meeting will be held at the SwissQual building in Zuchwil (Switzerland).

The SwissQual office in Zuchwil is in walking distance from the train station 'Solothurn' (approx. 10') that is almost in the middle between Geneva and Zurich. There are direct trains from Zurich Airport (approx. 01:20) and from Geneva Airport (approx. 01:50). In case it suits you better, you can fly to Basel/Mulhouse too and use bus/train to Solothurn (approx. 01:30) or a rental car (70km, 00:45).

There will be a soft start for the Q9/12 meeting on Monday at 09:30 with welcome and introduction and a hard start at 10:00. On Tuesday, the Q9/12 meeting will be held until lunch, yet the WP2/12 meeting will start after lunch on Tuesday at the latest. The meeting is expected to finish on Tuesday at 17:30 at the latest. Since the agenda is not fixed yet, it may happen that the start and the end of the WP2/12 be earlier than planned on Tuesday.

There are some hotels in the city center of Solothurn, all of which are in walking distance to the meeting location. The furthest hotel is Hotel 'An der Aare' (approx. 20') and the closest is Hotel 'Ambassador' and Hotel 'Ramada' which are around 10' walking distance.

Please find attached a simple map to give an impression about the location and the walking directions. There are orientation points as the AKSO building at the entrance of the business area and the (well visible) building of 'Schaerer' across the street from the SwissQual office.

Please find below the websites of the hotels:
