

Nobu Okada

Founder & CEO, Astroscale Holdings Inc.

Since its inception in 2013, Nobu has transformed Astroscale into an international market leader in on-orbit servicing. An influential figure in the industry, Nobu holds several key positions, including member of the International Academy of Astronautics and former Vice President for Space Economy of the International Astronautical Federation's (IAF). Nobu has received numerous accolades, including 2023 IAF's Excellence in Industry Award (SME) and being named in the 2022 TIME100 Most Influential Companies list. Prior to Astroscale, Nobu was an IT entrepreneur and strategy consultant, leading one company to a successful IPO.
