

## **Yurii Romashko**

### **Co-Founder, Institute of Analysis and Advocacy**

Yurii applies his passion for data analytics to address public corruption and improve policy transparency, particularly in healthcare and social issues in Ukraine. In 2013, he co-founded the [Institute of Analysis and Advocacy \(IAA\)](#) , which is now ranked among the top 100 think tanks in Central and Eastern Europe. IAA conducts research to help authorities make effective decisions in the development and implementation of policies and to obtain sustainable results. Yurii, a law school graduate, believes that analytics and technology are key to fostering responsible governance aligned with the UN's Global Goals. His mission is to empower people by enabling more informed, data-driven decisions.
