№ 132/N

The Permanent Mission of the Republic of Azerbaijan to the United Nations Office and other International Organizations at Geneva presents its compliments to the Secretariat of the International Telecommunication Union and herewith would like to inform that the Ministry of Communication and Information Technologies of Azerbaijan (National Administration) has taken a decision to participate in the *Fourth World Telecommunication Policy Forum: Convergence and Emerging Policy Issues* to be convened in Geneva during the first quarter of 2009.

Azerbaijan realises the importance of organising this Forum, as it appears to be in line with the Decision 9 adopted by the ITU Plenipotentiary Conference in Antalya in 2006 to which the national delegation extended full support. National experts would particularly focus on such segments of the work of the Forum as *Internet-related Public Policy, Telecommunication Regulation, and Radiocommunication Regalement.*

The National Administration also would like to suggest that the agenda of the Forum envisages the discussion session dedicated to the issues related to *Convergence – E-Government.*

The Permanent Mission of the Republic of Azerbaijan avails itself of this opportunity to renew to the ITU Secretariat the assurances of its high consideration.
