

ITU Seminar
on IMT-2000 and
Systems beyond

Summary
&
Conclusions

Fabio Leite
ITU IMT-2000 Project Manager

ITU Seminar on IMT-2000

- **Topics:** Harmonization & Vision
- **Systems:** IMT-2000, W-LAN, SDR
- **Actors:** regulators, operators, manufacturers, researchers / ITU , 3GPPs / CDG , UMTS Forum / WWRF , mITF, SDRF

Harmonization

- **Seamless Service solutions:**
 - IP-based multimedia service platform
 - Seamless service provisioning
 - Service & application convergence
- **One common IP Core Network**
- **Close collaboration:**
 - 3GPPs, fora and research bodies
 - Regulators & operators worldwide
- **Interworking** as one solution

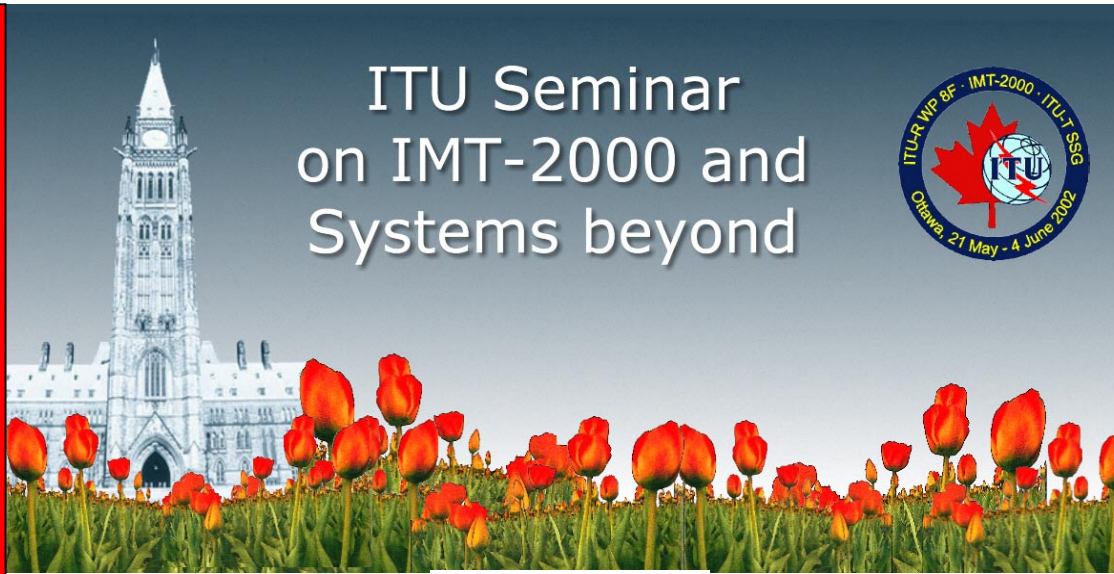

Vision

IMT-2000 enhancements & systems beyond

- Promote **R & D**
- Support international **consensus building**
- **Convergence** of content & technology
- More **spectrum** required (WRC-06)
