ANNEX 2 TO RESOLUTION 2 (Doha, 2006)

Questions assigned by the World Telecommunication Development Conference to ITU-D study groups

Study Group 1

– **Question 6-2/1**: Regulatory impact of next-generation networks on interconnection

– **Question 7-2/1**: Regulatory policies on universal access to broadband services

– **Question 10-2/1**: Regulation for licensing and authorization of converging services

– **Question 12-2/1**: Tariff policies, tariff models and methods of determining the costs of services on national telecommunication networks, including next-generation networks

– **Question 18-1/1**: Domestic enforcement of telecommunication laws, rules, and regulations by national telecommunication regulatory authorities

– **Question 19-1/1**: Implementation of IP telephony in developing countries

– **Question 20/1**: Access to telecommunication services for people with disabilities

– **Question 21/1**: Impact of telecommunication development on the creation of employment

– **Question 22/1**: Securing information and communication networks: Best practices for developing a culture of cybersecurity

Study Group 2

– **Question: 9-2/2**: Identification of study topics in the ITU-T and ITU-R study groups which are of particular interest to developing countries

– **Question 10-2/2**: Telecommunications for rural and remote areas

– **Question 11-2/2**: Examination of terrestrial digital sound and television broadcasting technologies and systems, including cost/benefit analyses, interoperability of digital terrestrial systems with existing analogue networks, and methods of migration from analogue terrestrial techniques to digital techniques

– **Question 14-2/2**: Telecommunications for e-health

– **Question 17-2/2**: Progress on activities for e-services/applications in the world

– **Question 18-1/2**: Implementation aspects of IMT-2000 and information-sharing on systems beyond IMT-2000 for developing countries

– **Question 19-1/2**: Strategy for migration from existing networks to next-generation networks for developing countries

– **Question 20-2/2**: Examination of access technologies for broadband telecommunications

– **Question 22/2**: Utilization of ICT for disaster management, resources, and active and passive space-based sensing systems as they apply to disaster and emergency relief situations
