QUESTIONNAIRE - PART II
(To be completed by Administrations only)

General Questions on National Spectrum Management

Describe succinctly the problems that your administration is currently experiencing
in national spectrum management
(for example subject areas in national spectrum management).

Country _____ B E L A R U S _____

Focal point _____

The following general questions on national spectrum management are based in part on the
   nctional requirements of spectrum management described in the handbook on "National Spectrum
Management." If you need additional space to answer the questions please continue on a separate
sheet of paper.

1.   Do you have a national law governing spectrum management?   YES___NO__

      - Last date this law was changed or modified?   _____

      - Are any actions planned to change this law?   YES___NO__

      Have any problems been identified? and if so, do you need any assistance from the ITU in
      solving them?

      _____

      _____

__.   Have you published regulations and procedures for national spectrum management (e.g. radio
      services, license requirements etc.)?   YES___NO__

      Have any problems been identified? and if so, do you need any assistance from the ITU in
      solving them?

      _____

      _____

3.   Do you have a national radio frequency spectrum allocation table?   YES___NO__

      Have any problems been identified? and if so, do you need any assistance from the ITU in
      solving them?

      _____

      _____

? 4.   Do you have technical specifications for national spectrum use?   YES__ NO__

Have any problems been identified? and if so, do you need any assistance from the ITU in solving them?

_____

_____

5.   Do you have a need for any spectrum redeployment* ?   YES__ NO__

* The term "redeployment" is used here to refer to a process of national scope in which an assessment is conducted 1) to determine if portions of spectrum can be identified that are in limited use; and 2) to determine if such spectrum segments can be reallocated for use in delivering radiocommunication services that have expanding spectrum requirements.

- If so, do you have a strategy for achieving this redeployment in respective frequency bands and for given radiocommunication services?   YES__ NO__

- Please define the established strategy and describe the nature of the consultation, if any, with users regarding the potential costs resulting from the planned redeployment.

_____

_____

? 6.   What is the total cost of national spectrum management functions performed by your Government (expressed in Swiss francs)?   _____

- What is the source of the funding required to accomplish these spectrum management functions?

THE SOURCE IS THE PAYMENTS OF SPECTRUM

USERS

7.   Do you have a method for establishing spectrum users' fees?   YES__ NO__

- If so, please give a brief description of the method used in establishing those fees.

ITU CEPT RECOMENDATIONS

_____

8.   Do you maintain centralized databases for spectrum management?   YES__ NO__

- What is the approximate size of your database (expressed in number of records)?   _50 000_

- Do you have a computerized data base management
system (DBMS)?   YES__ NO__

- What DBMS system do you use?   _____

- Are these frequency assignment records available to public?   YES__ NO__

Have any problems been identified? and if so, do you need any assistance from the ITU in
solving them?

_____

_____

9.   Do you notify frequency assignments to the ITU?   YES__ NO__

Have any problems been identified? and if so, do you need any assistance from the ITU in
solving them?

_____

_____

10. Do you have a policy and planning function for national spectrum management (i.e. a national
strategy for future use of the spectrum)?   YES__ NO__

Have any problems been identified? and if so, do you need any assistance from the ITU in
solving them?

_____

_____

11. Do you perform technical analyses of frequency assignment requests?   YES__ NO__

Have any problems been identified? and if so, do you need any assistance from the ITU in
solving them?

_____

_____

12. Do you perform radio monitoring?   YES__ NO__

     - number of fixed monitoring stations   __7__

          - facilities available at fixed monitoring stations
               -- monitoring up to ____ MHz
               -- direction finding up to ____MHz

- number of mobile monitoring stations   _8_

      - facilities available at mobile monitoring stations
        -- monitoring up to ____ MHz
        -- direction finding up to ____MHz

Have any problems been identified? and if so, do you need any assistance from the ITU in solving them?

_____

_____

13. Do you perform technical analyses of radio frequency interference complaints?   YES__ ~~NO~~__

    - Do you have an established consultation process, involving Government and non-government organization, for resolving these complaints?   YES__ ~~NO~~__

Have any problems been identified? and if so, do you need any assistance from the ITU in solving them?

_____

_____

14. What computers and operating systems are in use for national spectrum management?

Type of computers   *PENTIUM II*

Operating system(s)   *WINDOWS 95 AND ABOVE*

Have any problems been identified? and if so, do you need any assistance from the ITU in solving them?

_____

_____

15. Number of technical/professional staff in national spectrum management? _____

16. Number of support staff in national spectrum management?   _____

17. Describe your country's spectrum management structure (Please enclose a copy of organization chart).

STATE RADIOFREQUENCY COMMISSION IS DEALING WITH ALLOCATION OF FREQUENCY BANDS BETWEEN SERVICES AND DEPARTMENTS.

STATE SUPERVISORY DEPARTMENT FOR TELECOM MUNICATIONS IS DEALING WITH FREQUENCY ASSIGN MENTS, REGISTRATION OF RADIOELECTRONIC MEANS, RADIO MONITORING.

18. Do you use the ITU-R Handbooks and Reports on:

a) National Spectrum Management, version 1995 ? YES

b) Spectrum Monitoring[1], version 1995? YES

c) Computer-aided Techniques for Spectrum Management, version 1999? NO

d) HF Broadcasting System Design, version 1999? NO

e) Report SM.2012, Economic Aspects of Spectrum Management, version 1997[2]? NO

f) Windows Basic Automated Spectrum Management System (WinBASMS) Software Version 1997, Manual Version 1997 NO

What additional information/handbooks do you need from the ITU?

_____

_____

*To be returned no later than 31 **January** 2000 to:*
ITU-D Study Groups Secretariat
Telecommunication Development Bureau
Fax: +41 22 730 54 84
E-Mail: devsg1@itu.int

STG

THANK YOU FOR YOUR COOPERATION

---

[1] The Spectrum Monitoring Handbook is currently being updated, therefore, you are urged to contact Mr Jan Verduijn (NL), the designated Rapporteur from ITU-R Study Group 1, Working Party 1C if you have any comments that you wish included in a future version of this Handbook.

[2] This Report SM.2012 was updated during the ITU-R Study Group 1 meeting in August 1999. This new version is expected to be available in the three working languages by January 2000.

FOCAL POINT REGARDING CORRESPONDENCE ON THIS QUESTIONNAIRE
(PARTS I AND II)

1. Mr./Ms _BUDAI_   _ANATOLY_
                 Family Name   First Name

2. Country _BELARUS_

3. Name of the Administration/Organization _MINISTRY OF POSTS AND TELECOM-MUNICATIONS_

4. Title _FIRST DEPUTY MINISTER_

5. Address _10 SKORYNA AVE. 220050, MINSK, REPUBLIC OF BELARUS_

6. Tel.: _375 172 272526_ Fax: _375 172 260848_ E-Mail: _SRFC@ mpt. gov.by_

To be returned no later than 31 January 2000 to:
ITU-D Study Groups Secretariat
Telecommunication Development Bureau
Fax: +41 22 730 54 84
E-Mail: devsg2@itu.int
