Subject : Collection of information about competitive safeguards

While discussing the issue of safeguard measures which is within its competence, Study Group 3 became aware that among its various tasks ITU-D Sector (SG 1) is collecting information through its annual Regulatory Survey of all countries which cover various regulatory issues including competitive safeguards implemented by liberalized countries to protect against anti-competitive practices.

To avoid any risk of work duplication, ITU-T Study Group 3 would be thankful to receive the information already collected or to be collected on this item, preferably before the next meeting of ITU-T Study Group 3 scheduled for December 1998.
