USEFUL INFORMATION ABOUT POLAND

CLIMATE

Poland has a moderate climate although the weather can be quite changeable. October usually is a nice month, with the temperatures between 15° C to 20° C and occasional raining.

GEOGRAPHY

The territory of Poland exceeds 312 thousand square kilometers, making it the largest state in Central Europe. Most of the country is lowland, but along the southern border with the Czech Republic and Slovakia, the beautiful Tatra Mountains rise from the plains. Poland is crossed by two big rivers that empty into the Baltic Sea; the Vistula, in the center of the country, and the Odra, which forms the German border.

CURRENCY

The official Polish currency unit is zloty, abbreviated as PLN. Foreign currencies may be changed into Polish zlotys at banks, private exchange offices (called "kantor" in Polish) or hotels. Major travelers' cheques can be changed and all major credit cards are widely accepted.

CREDIT CARDS

Most hotels, restaurants, car rental agencies, department stores and shops accept major credit cards (American Express, Visa, Eurocard, Master Card)

TELEPHONES

Direct connections are available to virtually all countries. Telephone cards can be purchased in kiosks and post offices.

SHOPPING AND DINNING

Poles are known for their hospitality and love of food. Polish cuisine includes delicious soups and unusual deserts and sweets. There are plenty of good restaurants in the Old Town center of Warsaw, called Krakowskie Przedmiescie, where one can find many traditional dishes. There are also many restaurants that serve international cuisine.

Poland is becoming a shopper's paradise. The most common souvenir is amber from the Baltic Sea, each individual piece of which may be fashioned into a pendant, ring or bracelet. There are many family-owned galleries, which sell handmade crafts, pottery, silver and gold jewellery. Usually, the best place to shop is the city center. Many souvenir shops are situated in Nowy Swiat Street.

PEOPLE

The population of Poland is close to 40 million. Over 1.8 million people live in Warsaw, the capital city. Polish is the official language; English German and Russian are among the better-known foreign languages. The population is largely of Polish descent and more than 90% of Poles consider themselves Roman Catholics.
